

"BREAK UP REDS" MAY DAY DEMONSTRATIONS

--ORDERS UNCLE SAM

Bare Plot To Kill Many U.S. Officials

WASHINGTON, April 30.—Federal agents have been instructed to go as far as the law will allow in breaking up May Day radical demonstrations. In making this announcement today, Assistant Attorney General Garvan said department of justice officials were concentrating in efforts to protect the lives of officials, federal and state, who have been marked for destruction, and to prevent violence generally.

WASHINGTON, April 30.—Warning that they had been selected by radical elements for assault or assassination as part of a May Day demonstration had been received from department of justice agents today by more than a score of federal and state officials. Announcement of discovery of a plot by government agents was made last night by Attorney General Palmer.

The assassinations and assaults were to have been a part of the May Day program planned by the communist labor party and other radical groups, Mr. Palmer said, adding that the contemplated violence was to be incident to attempts to bring about strikes in all the basic American industries in behalf of peace with soviet Russia.

Information, the attorney general declared, in possession of the department indicated the radical agents have been working "in direction and in union" with those who have been active in instigating disorders on that day in Europe.

"Inhuman treatment" of the soviet government of Russia by the United States and the allied powers has been alleged by agents of the radical movement especially in their propaganda among foreigners in industrial centers, Mr. Palmer asserted, adding that the proposed strikes and other disturbances were intended to impress upon American officials the threats of Russia must be resumed.

The propaganda used in the textile manufacturing districts, Mr. Palmer said, included the argument that strikes would reduce

Cox Urges Young Men To Join Ohio Guard

COLUMBUS, April 30.—Governor Cox in a proclamation today urges young men to respond to the call to enlist in the Ohio national guard now being reorganized. He calls upon mayors, city and county officials and civic organizations to encourage and support their local units of the guard to the end that the quota assigned to their community may be filled.

"The national guard is both a patriotic and an American institution, on which the state has always depended in times of stress," the proclamation says.

WILL BE OUSTED FROM HOUSES

NEW YORK, April 30.—A village of ten will rise on the Salvation Army training college here to shelter New Yorkers who will be rendered homeless tomorrow or directly thereafter by May 1 eviction proceedings. Salvation Army officials announced today. Plans are being laid to care for 1,600 persons. Steps also have been taken to obtain use of the military buildings at Camp Merritt, N. J., which have been sold by the government.

Divided Over Sales Tax Plan

WASHINGTON, April 30.—House Republicans, divided into two factions over the sales tax plan for raising funds for soldier relief legislation, will meet in party caucus tonight to iron out their differences. There was no indication what would be the result.

Both sides lined up during the day, the insurgents, admittedly in the minority, seeking to gather strength to convince the regular leaders that enactment of the relief bill as planned could not be accomplished with the sales tax among its provisions.

Miners Will Join French General Strike

PARIS, April 30.—Miners throughout France will continue the May Day demonstration into a general strike in accordance with the decision of railroad workers and the resolution of the general labor federation, according to an announcement made today by the secretary of the miners union. Other unions still are awaiting orders from the federation in line with its declaration of solidarity of all branches of labor with the railroad men's general strike, which was called to force nationalization of public utilities and the acceptance of other demands.

SPRING CLEANUP OF CRIMINALS

CHICAGO, April 30.—More than 250 persons were in city jails here today as a result of what Chief of Police Garrity termed a "spring cleanup of criminals." Included in the number were alleged burglars, highwaymen, minor criminals and military suspects.

Chief Garrity warned by State's Attorney Horne and the army intelligence bureau here that "reds" intended to stage a "campaign of assassinations" tomorrow, said he did not look for extensive May Day demonstrations, but had taken advisable precautions.

MARRIED MANY WIVES JUST TO KILL THEM

LOS ANGELES, Calif., April 30.—At least two of the numerous women James R. Hurlt is alleged to have married in various parts of the country were murdered by him, two others met "accidental" deaths while with him, and he "might have murdered more," according to an alleged confession made public early today by J. Morgan Marmaduke, his attorney, and county officials.

Hurlt said he "could not remember" what happened to some of the women because of his still weakened condition resulting from two attempts to commit suicide, the reputed confession said. He lay on a cot at the county hospital as he talked.

Hurlt has been held here several days while officers investigated reports of numerous marriages.

He married "twelve or fifteen women, probably more," Hurlt was quoted as saying. A desire to kill obsessed him four years ago, Hurlt was alleged to have said, and women were his special victims, there being no direct motive for their deaths, and no desire to kill men, children or animals.

Nina Lee Delaney, killed with a hammer at Long Beach, California, and Elizabeth Prior, whose head was crushed with a Sledge hammer near Elum, Washington, were the "wives" whose murders the officers said Hurlt confessed.

The "partial confession," said the officers, related to the deaths of Bertha Goodrich and Alice Ludvigson, Miss Goodrich was tipped off of a boat in Lake Washington, near Seattle, and Miss Ludvigson was drowned in a river in Idaho, they said.

Nina Lee Delaney, whose home was at Eureka, Mont., married Hurlt, the officers said, under the name of Charles N. Harvey at San Francisco, December 5, 1919. She was last seen at a hotel at Santa Monica, Cal., January 26, 1920. She had property valued at \$20,000. Some of it was found in Hurlt's possession, the officers declared.

Bertha A. Goodrich, of Spokane, Wash., married Hurlt, they said, under the name of H. L. Gordon, June 11, 1917, at North Yakima, Wash. Her body was found near Elum Station, Wash., a short time afterward. Trunks belonging to her were located in a Vancouver, Wash., warehouse.

Alice M. Ludvigson, whose home was in Seattle, married the man under the name of Andrew Hilton, the officers said, October 8, 1917, at Port Townsend, Wash. Property of her, various papers, her will and their marriage license, they declared, were found in Hurlt's possession.

Elizabeth Prior was a waitress of Wallace, Idaho, and Spokane, Wash. Hurlt, according to the officers, under the name of Milton Lewis, at Coner D'Alene, Idaho, March 25, 1919. Her picture and some tax receipts in her name were among Hurlt's effects when he was arrested. They added.

RECOUNT IN New Jersey To Be Asked

NEWARK, N. J., April 30.—Complete and corrected figures in the New Jersey preferential primary gave Major General Leonard Wood a lead of 1,207 votes over Senator Hiram Johnson.

The vote stood: Wood 52,688; Johnson 51,481.

NEWARK, N. J., April 30.—Formal application for a recount of the vote in New Jersey's preferential primary held here today, according to supporters of Senator Johnson of California, who on the face of unofficial returns from all but four districts was defeated by Major General Leonard Wood by 120 votes. It is not indicated whether the recount would cover the entire state or only certain sections.

Charges of manipulation of the ballot, made by Johnson supporters were dismissed by Wood adherents who pointed out that the vote as announced was entirely unofficial.

The four districts yet to be heard from are in Hunterdon county, which has given Wood a majority in the incomplete returns. The total vote early today was: Wood 52,397; Johnson 51,277.

Woolen Mills End Night Work

PASSAIC, N. J., April 30.—Uncertainty of the wool market and the cancellation of large orders have resuscitated the suspension of night work in the woolen mills here, manufacturers said today. Two local mills have laid off 2,000 workers already and others are preparing to suspend night work soon. The plants have been operating at full capacity.

SENATE GETS RESOLUTION DECLARING WAR ENDED

WASHINGTON, April 30.—The state of war with both Germany and Austria would be terminated under a resolution reported today by the senate foreign relations committee as a substitute for the house resolution to end the war with Germany alone.

The vote on the resolution was 9 to 6 with all of the republicans supporting it, and all of the democrats lining up solidly in opposition. Senators McCumber, republican, North Dakota, and Shields, democrat, Tennessee, were absent and did not vote.

It is planned to call up the resolution for debate in the senate next week and final action is expected within two or three weeks.

NEWARK, N. J., April 30.—For the second time within two weeks every railroad yard in the city was tied up today by a walkout of freight switchmen and conductors who were members of the recently organized Yardmen's Association.

Dissatisfaction with delay in taking action on their demands for increased pay was the reason given by Edward C. Holohan, president of the Yardmen's Association local for the resumption of the strike, but it was also said by the strikers that the refusal of railroads to reinstate yardmasters who would not do anything during the first strike and were discharged had much to do with the present walkout.

BUFFALO YARDS TIED-UP

BUFFALO, N. Y., April 30.—For the second time within two weeks every railroad yard in the city was tied up today by a walkout of freight switchmen and conductors who were members of the recently organized Yardmen's Association.

Dissatisfaction with delay in taking action on their demands for increased pay was the reason given by Edward C. Youngstown Strike Spreads

YOUNGSTOWN, O., April 30.—With through freight traffic diminishing as the result of the spread of the strike of yardmen, steel mills, which managed to start a few units this week, after two weeks suspension, face the prospect of virtual paralysis again next week, officials indicated today. Smaller industries, which kept running, may also close next week. Only two men of the 2,500 yardmen have returned to work, railroads said, while road crews and firemen on the Erie have quit work, local supplies continue scarce with vegetables practically off the market.

One of the advantages of the confusion in time is the fact that a fellow gets to see different faces and come from work. Here's your weather:

OHIO: Showers this afternoon and tonight. Cooler in west portion tomorrow. Saturday fair and cooler.

KENTUCKY: Thunderstorms this afternoon; fair and cooler tonight and Saturday.

The extremes in local temperature today were: High 72, low 48.

90 Million Of Church Fund Is Pledged

NEW YORK, April 30.—An anonymous gift of \$3,000,000 to the United Church of Christ in America for the financial campaign of the Interchurch World Movement was announced at campaign headquarters today with the statement that \$30,000,000 of the \$100,000,000 sought has been pledged. The campaign does not close until next May 9 and more than 100,000 churches in various states are yet to be heard from.

Incomplete returns, prepared for reading at a luncheon today at which W. G. McAdoo was the principal speaker, showed Pennsylvania in the lead with a total of \$5,471,026 contributed to the fund; New York was second with \$5,072,571; Illinois third with \$2,154,932; Massachusetts fourth with \$2,021,026 and Ohio fifth with \$1,855,922.

The \$3,000,000 gift to the United Church was made to the new world movement campaign of the northern Baptists, making a total of \$9,000,000 in the last three days to the Baptists in individual million dollar pledges.

CARRANZA AND REBEL TROOPS IN BATTLE

AGUA PRITA, SONORA, April 29.—Chiefs of Carranza and Sonora troops at Agua Prieta in the mountains southeast of here late yesterday fought a larger and more decisive encounter in the next future, rebel leaders here said today. On either side of Agua Prieta both factions have been concentrating men for more than three weeks.

The 11 Paso report that Ignacio Enriquez, candidate for governor of Chihuahua, was marching with "white" guards to reinforce revolutionists near Chihuahua City was accepted here as true. A few days ago a report was current here that Enriquez had revolted with the defense forces but military officers said the report was "premature." They added that negotiations for the revolt of Enriquez were under way.

Agents of the revolutionists are at work throughout Mexico attempting to gain followers. General P. Elias Calles, commander of the revolutionary forces in northern Mexico said today that the rebels were doing little in aggressive campaigning until the full strength possible was mustered.

He said the plan was based on two points, one being the desire to be fully prepared for any military situation which might arise and the other to gain all the strength possible with

Mother's Day Sunday May 9

COLUMBUS, O., April 30.—Governor Cox today issued a proclamation designating Sunday, May 9 as Mother's Day in Ohio. The proclamation follows:

"No better opportunity for the expression of the loftiest human sentiment can come than that offered in the annual observance of a day for mothers. It is therefore decreed that such a day be set aside and that the people of the state of Ohio are respectfully requested to observe Sunday, May 9 as Mother's Day and that all may bow to the occasion individually or with appropriate ceremonies in public gatherings.

STILLBENSVILLE, O., April 30.—Officials of the Jefferson county trades and labor assembly announced today that the organization had adopted a resolution condemning the "overall club" movement as a misguided and mistaken effort to reduce the cost of living. The increased demand for them will work a hardship on working men and farmers in that they will be forced to pay higher prices for overalls, the resolution said.

Farmers Turning To Power Machines For Assistance

At a meeting of the salesmen of the Reliable Tractor & Engine company of this city, some interesting fact developed in regard to the selling possibilities of farm tractors. The salesmen reported that as a result of the scarcity of labor on farms the farmers are turning more and more to power machines to help them get their work done on time. The Reliable Tractor is of the large type that appeals to the majority of farmers with average sized farms. The prospects look exceptionally good for a large sale of these tractors this fall, so the salesmen reported, the scarcity of farm help being largely responsible for this. During the conference the following letter was read from the Reliable dealer at Le Roy, New York:

"My demonstration of your Reliable Tractor on the Hunt farm on the 10th was one of the most successful demonstrations that was ever pulled off. We had a large number of farmers and dealers with us. We plowed on a heavy soil that hadn't been plowed in five years, 8 and 9 inches deep. This field of Mr. Hunt's is for potatoes and he wanted it plowed deep. He told us that all the farmers there had never seen anything like it. Your representative told us a great deal about the Reliable Tractor. We did not believe all of it, but we are convinced that the Reliable Tractor is 100 per cent better than he represented it. We plowed up boulders that were as large as two men could roll on any boat. When we came to put it on the belt, they tried their best to choke it putting dry corn cobs in the cutter (one of the large sizes). They never lowered the motion of the engine. That 18 inch pulley of friction clutch pleased every farmer."

It's nothing but a town talk with the farmers in this vicinity. The next day after this demonstration your representative sold 3 tractors in California. I expect to order a car of tractors in a few days. I want to get straightened out a little to see where I'm at. If I had them on the ground today they'd move off in a very short time."

Yours very truly,
JOHN W. JERRY"

Patching Wall Paper.
To patch gouges made in the wall by sharp-cornered furniture, fill the hole with plaster of paris to which has been added dissolved glue to delay the hardening process. Use a half cup of dry glue to a half pound of plaster of paris. Let a scrap of the original paper fade in the sun to match the wall paper, and tear out a patch, making it irregular in shape. Carefully peel off layers from the back, thus making the patch as thin as possible and apply to the wall.

Portsmouth, O., April 29, 1920, the city changing their time?

Editor Times:
City.

Dear Sir:
Why not put a finish to the confusion, ending, but not in a way that will put a finish to the confusion which has resulted from a part of the confusion that exists at present, as long as eastern time exists in Portsmouth.

The writer will be glad to cooperate in any reasonable way to shorten the workman's day or lengthen his, but not in a way that will put a finish to the confusion which has resulted from a part of the confusion that exists at present, as long as eastern time exists in Portsmouth.

It is proven that the entire city will not make the change, and my suggestion is that everybody turn their clocks back to central time and let every get off an hour earlier? It seems plain to me that the people who are in the city after we are convinced that 29 hours earlier go to work an hour earlier, just as the local banks are doing at present.

Still, that will not interfere with the ones that are in favor of it, going to work an hour earlier, and needless to say, it would be much more agreeable for everybody. Let's get together, signed, A Reasonable Reader.

FROM OUR READERS

Portsmouth, O., April 29, 1920, the city changing their time?

Editor Times:
City.

Dear Sir:
Why not put a finish to the confusion, ending, but not in a way that will put a finish to the confusion which has resulted from a part of the confusion that exists at present, as long as eastern time exists in Portsmouth.

It is proven that the entire city will not make the change, and my suggestion is that everybody turn their clocks back to central time and let every get off an hour earlier? It seems plain to me that the people who are in the city after we are convinced that 29 hours earlier go to work an hour earlier, just as the local banks are doing at present.

Still, that will not interfere with the ones that are in favor of it, going to work an hour earlier, and needless to say, it would be much more agreeable for everybody. Let's get together, signed, A Reasonable Reader.

The longest session on record lasted over 400 years. It was a dispute about some land in Poland. The people interested being the Sobieski of Poland and the Sobieski of Poland. It began in the year 1400, and a settlement was arrived at in 1800, the land being then divided among the then representatives of the original litigants.

Bandits In Daring Columbus Robbery

COLUMBUS, O., April 30.—Three armed bandits held up the Union Building and Savings Company, 45 West Gay street, in the heart of the downtown section shortly before noon today and escaped with \$2500 cash. The three men filed in to the loan association's offices and while one of them held a dozen patrons and the company officers at bay, the others secured

the loot. One of the bandits struck Robert Pfeiffer, assistant cashier, in the face with a revolver injuring him slightly.

After obtaining the money, the bandits forced six company officials and thirteen patrons into a large vault, locked the steel doors and made their escape.

No trace of the bandits has been found.

To Locate In Cincinnati

Lyons Questel will succeed Albert Te Pas at the Vulcan Last plant when the latter leaves Monday for Cincinnati. Mr. Questel is now employed in the Whitaker-Glesner plant.

Mr. Te Pas will be superintendent of production for the Holters Shoe Co., one of the leading manufacturing firms of Cincinnati. His family will not move at present, but will follow him as soon as he can secure a house.

Vigorous Men and Women are in Demand

If your ambition has left you, your happiness has gone forever unless you take advantage of Warster Bros. money offer to refund your money on the first box purchased if Wendell's Pills, Ambition Brand, do not put your system in fine condition and give you the energy and vigor you have lost.

Be ambitious, be strong, be vigorous, bring the ruddy glow of health to your cheeks and the right sparkle to your eyes.

Wendell's Pills, Ambition Brand, the great nerve tonic, are splendid for that tired feeling, nervous troubles, headaches, restlessness, trembling, mental depression, sleeplessness, nervous indigestion and loss of appetite.

You take them with this understanding: that in two days you will feel better. In a week you will feel fine or else taking one box, if not benefited, the druggist will refund the price of the box.

Be sure and get a 60-cent box today and get out of the rut. Remember Warster Bros. and dealers everywhere are authorized to guarantee them.

Will Move To This City

J. W. Thomas of the Reliable Tractor & Engine Co., of Portsmouth, will move with his family to this city from Detroit as soon as he can secure a house furnished or unfurnished. Mrs. Thomas and son, John, will join her husband as soon as they can be located.

Judges Expenses Were Too High

COLUMBUS, O., April 30.—Regard for the high cost of living \$150 to \$250 per day for meals is too much for even a judge to pay, State Auditor Denney ruled today in disapproving expense accounts of two Cleveland appellate judges.

The accounts had been presented by Judges Willis Vickery and T. S. Dunlap as part of their expenses while holding court in Akron.

Denney wrote them that they would be limited to \$5 per day for meals and lodging "the same as is allowed other state officials."

Dance Postponed.—Arthur Gerlach of the Catholic Order of Foresters announced Friday that the dance which the Foresters are due to give on May 12th, will be postponed on account of the policeman's hall which will be held on that date.

Get Your New Auto Tags

Safety Director St. Straus stated today that the Chamber of Commerce has plenty of new license tags and auto owners must equip their cars with them. "I see lots of cars with old tags on them, and I will order Chief D'Amel to take into custody all drivers without proper tags on their cars. The time to drive with old tags expired ten days ago," Mr. Straus said today.

Take Powellsville Road

Auto owners driving to Troy, Pa. are requested to use the Powellsville road via the Newcastle Hill, as the main road is in wretched condition east of Haverhill. The Powellsville road is said to be in fairly good shape.

TEA CAKE—fruit cake—marble cake—sand tarts—in fact almost any kind of cake can be made of Pat-a-cake.

PAT-A-CAKE

is just the best of eggs, flour, sugar, shortening, milk, baking powder and flavoring—each ingredient is tested for purity and carefully measured so that Pat-a-cake is always good.

It only takes two minutes to mix one package with $\frac{1}{4}$ cup of water—pour into greased tins and bake.

A package of Pat-a-cake will make a three layer cake, two loaf cakes or eighteen cup cakes. At the present price of things you will appreciate the saving in using Pat-a-cake.

Pat-a-cake makes a delicious golden yellow cake, and it has that "homemade" taste that makes big and little people glad when you ask them to have some more.

Your grocer sells Pat-a-cake.

The Digelow Mission Band will meet Saturday afternoon at 1:30 (new time) at the home of Mrs. Ross Donahoe, 1710 Baird avenue, with Master Billy Donahoe as the little host. The hour for this meeting is changed on account of the pageant of the Crowning of the May Queen at the Children's Home grounds later in the afternoon.

All children are requested to bring their birthday pennies and money from the coupons of the Little Brown Sisters. This is a deferred meeting and all members are requested to be present.

MISS DOLLY WISE

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Dear Miss Wise—Having in mind your high regard for modesty I would like to know if you approve of the method of advertising our Bureau, at Community Service has been using in your Sunday editions in reference to curing certain "dreaded diseases?" I would like space to explain why I and a number of others disapprove. It is a fact that during lectures on subjects of this sort, the presence of children

under twelve is forbidden, but children from this age down to nine read the newspaper.

The articles you refer to were probably printed to let the public know just what the Bureau and Free Clinic were doing for these unfortunate children and not for the purpose of advertising certain dreaded diseases.

Dear Dolly—Will you please tell me what exercises will reduce the hips. What color would you advise me to get in a spring coat. I have black hair, blue eyes and fair complexion. Do you think it would be wise for me to get one of the new short ones as I will have to wear it two springs.

BUTTERFLY.
You might reduce an ounce or two by dieting and exercise this week and gain a couple of pounds next week. Why get yourself worked up into a physical wreck trying to get thin? People who are held out to get fat and vice versa. You could get a tan coat this spring and have it colored brown or dark blue when you get tired of that color. A good style can be worn several seasons.

Dear Dolly—I stopped at a well known bakery to get some rolls for dinner and when I got home I found that they were full of ants. Now Dolly don't you think the bakeries should be more careful with their bakings.

ROLL LOVER
You haven't anything on me, as I bought some with worms in them. I'd rather have ants than worms or flies.

Dear Dolly—What do you think of a married woman who will go into a life with a bunch of boys and girls and thickens.

Plain Faced Women

are making their feet and ankles so pretty, dainty, thoroughbred looking with stylish, slender, well modeled shoes, that the shoe business has been revolutionized.

although many dealers, as yet, have failed to understand the Revolution—Evolution, that has come, with votes for women, short skirts, silk stockings, modernization.

Beautiful shoes cost less money, just like beautiful anything else. Don't try to mix aristocracy and poverty, nobody ever did it successfully—but every woman can afford a pair of these beautiful down pumps—in patent cut or plain kid.

SOCIETY

Mrs. A. E. Canfield entertained the members of the T. H. B. Club Wednesday afternoon very hospitably at her home, 1012 Eighth street. The afternoon was spent socially, during which the hostess served a delightful two-course luncheon. Those present were Mrs. Ernest Kidd, S. S. Goffey, J. P. Taylor, William Johnson, Harry Becker, Harry King and Mrs. C. W. Barton, a guest of the afternoon.

The next meeting will be in two weeks at the home of Mrs. Harry King, 1039 Grant street.

A charming group of rich women from London attended the Federated club meetings Thursday and returned last night. Those included in the party were Mesdames E. A. Bixby, W. D. Lewis, Frank Kober, J. V. Pellock, E. E. Stewart, S. A. Manning and Dan C. Jones.

Mrs. Clara Schmitt and daughter, Harold, 2211 Eighth street, went to Columbus today to join her husband in a visit to her brother and sister-in-law, Mr. and Mrs. Earl Brand, who were recently married.

Mr. and Mrs. Frank H. Price went to Columbus this morning to spend the weekend. While there Mr. Price will attend the Shoppers' meetings.

Mrs. B. M. McCreary has returned to her home in Columbus after spending three weeks with relatives and friends here and in Louisville.

There will be their church at the Second Presbyterian Church this evening at 7:30 o'clock.

The Ladies' Club will meet at 4 o'clock in the business room, Saturday afternoon.

Mr. and Mrs. Albert Carter have returned to the village from Youngstown where they have been making their home for sometime and are now located on Oak street.

Mrs. Carl Jenkins of North Moreland addition, fell from a staphyler, yesterday afternoon while engaged in cleaning house at her home, breaking the large bone in her right wrist. Dr. W. G. Cheney was called and reduced the fracture.

Mrs. Maria Graham, who is critically ill at the home of her daughter Mrs. Chas. Smith of Gallia avenue, is slightly improved. Mrs. Graham has been ill several weeks and is suffering with infirmities of age and complications.

Members of the Ohio avenue Christian church choir are requested to be at the church this evening at 8:30 o'clock for practice.

Mr. and Mrs. Melvin Johnson of Stanton avenue recently moved to Carr, Ky.

Warren Griffin, of Middle Road is ill suffering with a slight attack of blood poisoning.

Mr. and Mrs. Elbert Calvert, arriving from Rhodes avenue to the Griffin property on Ohio avenue.

Miss Bessie Toley of Wells Station was the guest of relatives here yesterday.

Mrs. B. F. Brown of Ohio avenue is slowly recovering from a recent illness.

Mr. and Mrs. George Lander of Rhodes avenue had as guests Thursday Mr. and Mrs. Carl Walte and Miss Lottie Mantel of Portsmouth.

A program of interest is being planned by the members of the Methodist Sunday school to be given Sunday morning May 9th in observance of "Mothers Day." Rev. C. A. Hughes, pastor of the church has charge of the program, which includes several musical selections and also readings, the entire entertainment promising to be most pleasing. A large crowd is expected to participate in the services on that day.

Old Oil Well

On a trip through western Virginia, George Washington came upon what he called an "oil spring." He was so struck with the possible usefulness of this oil that in his last will he called the special attention of his trustees to the matter. Right here, it might be said, was the first awakening of interest in petroleum production in the United States—an industry the development of which gave us an output of 330,000,000 barrels in the last year.

Oils and Their Uses

Crushing seeds to extract oils has been employed in Japan for centuries. Rape seed oil has long been used for frying fish and lobsters, and is today the principal fat in the Japanese diet. Cottonseed oil was used as a substitute for rapeseed oil and for lighting purposes. The ancient Japanese also understood the extraction of oil.

Come and See the Sellers

WE want every woman interested in making housework easier to see and inspect the beautiful Sellers Kitchen Cabinet—generally voted the world's most convenient kitchen cabinet.

We want you to see how and where have been added special improvements which cost

the manufacturers over \$100,000 extra each year, and which make the Sellers the ideal of thousands of women.

These are not mere features, made for selling purposes. The conveniences to which we refer are major improvements of vital need—never before combined in any cabinet. Found only in

SELLERS KITCHEN CABINETS

"The Best Servant in Your House"

The famous Automatic Lowering Flour Bin—a "Sellers" invention, is conceded the most important improvement ever made in a kitchen cabinet. \$52,000 extra each year, more than ordinary flour bins cost, is the price paid to supply this convenience.

The Automatic Base Shelf Extender—which costs \$9,000 extra each year—the Ant-Proof Casters, a \$10,000 extra feature—the Oil Hand-Rubbed Finish, costing \$9,750 extra each year—Dust-Proof Base

Top underneath the Sanitary Porcelain Work Table are others. Altogether there are 15 long-wanted improvements never before combined in any cabinet.

Yet the Sellers costs you no more than any good cabinet. Any average home can afford one. We will gladly arrange terms to suit your income.

Come in today and let us demonstrate the Sellers for you.

ed a poker game at 431 Front street, arresting thirteen men, and seized a large quantity of playing cards, a 22 caliber revolver, \$25 in money and a bunch of poker chips.

The thirteen men arrested gave their names as Jeff Gillen, 21; Jack Childers, 35; E. B. Bowen, 30; John Shepard, 41; Claude Hall, 37; Arthur Hicks, 26; Andrew Gillen, 35; Clyde Cochran, 26; Charles Chick, 31; Geo. Miller, 42; Ben Stewart, 43; Abe Martin and Harry McNeill, 25.

McNeill was running the game, which was operated up stairs over a vacant store room the police say. On the front door post down stairs was an electric call bell which was used as a signal by frequenters of the game the police claim.

Three of the men ran up to the third floor, climbed out on a roof back of the building, and were hiding there when captured by the police.

Most of the money and gambling paraphernalia was confiscated in a dumb waiter which operated elevator fashion from the first floor.

Several dollars were in the "kitty" which lay on the padded gambling table.

All of the men were held under \$25 bond to appear in Municipal court this afternoon at one o'clock, with the exception of McNeill whose bond was fixed at \$50. All but five of the men obtained their release on bond last night.

All of the Starnes Sex. Johnny has three sisters, but no brothers, which is a constant source of regret to the little man. When new neighbors, with two boys, moved in next door he was delighted and rushed in to his mother with, "Oh, mother, there's two brothers and even their coats a boy, 'cause they call him Billy."

Strong Women

By Dr. Valentine Mott

Women and men too—are just as strong and healthy as their blood. It is likewise true that a man or a woman is as young as his or her arteries. Vigor and health come with good blood. Without good red blood one has a weak heart and poor nerves.

In the spring is the best time to take stock of one's condition. If the blood is thin and watery, face pale or pimply, if one is generally weak, tired and listless, a spring tonic should be taken. One that will do the spring housecleaning, an old-fashioned herbal remedy that was used by everybody 50 years ago is still safe and sane because it contains no alcohol or narcotic. It is made up of Blood root, Oregon Grape root, Queen's root, Stone

root, Cherry Bark, without alcohol, and made into both liquid and tablets. This blood tonic was first put out by Dr. Pierce in ready-to-use form and since then has been sold by the million bottles as Dr. Pierce's Golden Medical Discovery. If druggists do not keep this in tablet form, send 50 cents for a vial to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. Write for free book on blood disorders, or for free medical advice.

They most definitely do. They assure every person who consults an optometrist who is a graduate that he will receive the attention of a person who has devoted much study to the profession, and that he is competent to determine accurately the extent of all errors of vision, and to prescribe glasses for their correction. being a curse upon themselves and be restricted their out."

What a message! What a message to a mere boy for a saintly priest, and what a singular cause that necessitates such a message!

Is it not noteworthy that the messenger boy as well as the sons of Eli, who are the cause of the judgment against the house of the priest and all Israel, came from religious homes? Their spiritual environments were, at least in a measure, the same. We may safely assume that the religious instruction was, according to universal Jewish custom, conscientious and definite.

As far as instructing the youths in Jewish law and history of the people of Israel was concerned the parents had undoubtedly done their duty. How then do we explain the difference in the results?

We are confronted frequently with the same question today. Children, coming from God-fearing homes, having been surrounded by the same religious influences, having enjoyed the same instruction before the throne of God, are not the same in conduct and character. How do we explain the fact? Possibly the fault lies in the manner in which the religious instruction has been imparted. Possibly the example of the parents and teachers does not conform to the precept. Possibly the fault lies with the children, who do not apply what they hear, or who do not permit their knowledge to become a power in their life. In the lesson we are told that the judgment was executed because Eli did not restrain his sons, i. e., he did not rebuke, or did not remove them from a position in which they interfered with true worship. The father is blamed for the errors of the children.

Samuel lived in the same surroundings as did the sons of Eli, of him as of them it is said, he knew not Jehovah. Did not all the boys know the sacred history of Israel? Had they not been taught the meaning of various religious ceremonies? Most certainly. Yet they knew not Jehovah. Do we not today find many people who can readily quote Scripture, and know much about it and the Christ, but they do not know Him, because they have not entered into a definite personal relation with Him. Their mind has been trained, their heart not touched. And consequently their life is neither a detachment from that which is wrong, nor an attachment to that which is right.

Note the value of early training of children for service in religious institutions, or for that matter in any capacity. As soon as the Lord reveals Himself to the boy, he stands ready to serve. He has learned, had been, even though imperfectly, a disciple, now he is ready to become an apostle, one who

is being sent. Again, we are taught here the importance of the child. It seems as though there was no man ready for service in this particular case. A child in the proper relation to his Master is of much greater importance in the eyes of the Lord, than any man without that relation, in spite of years and experience. "The child is father to the man" has many applications. Samuel has been prepared for his mission by his parents, as soon as Jehovah calls, he obeys. How much easier it was for him to obey because of the previous generation.

Finally, do we realize the importance of thorough religious training of the child? Are not our children some of the most precious possessions we have? And they are restrained from the most blessed service, the service of love in the Kingdom of God. Why are millions of children outside of Sunday school and church today? Not because of a choosing of their own, but because of a fault of their parents.

Hannah gave her son unto Jehovah, and all Israel knew that Samuel was established to be a prophet of Jehovah. Samuel was consecrated to the Lord, and Samuel grew.

Electrical Wiring

Notice to Persons Having Houses or Places of Business Wired!

Due to the supervision by the Ohio Inspection Bureau in Portsmouth and vicinity of the installation of Electrical Wiring; the standard of this work has been kept up to a standard that insured persons having Electrical Work done of a good, safe installation.

At the present time the Ohio Inspection Bureau has withdrawn its inspection in this locality, and there is no authorized inspector in the field at the present time. For this reason we feel it our duty to notify all persons having electrical wiring done, that they use extreme care in contracting for this work, by specifying that the work be done in accordance with the rules laid down by the Ohio Inspection Bureau. By doing this you will be saved the expense of possibly having your wiring condemned when a new inspector is sent to Portsmouth, and having to have your wiring done over again. As a precaution to our customers to protect them from contractors who may take advantage of the conditions to install work that is not up to the standard required by the rules of the Ohio Inspection Bureau, The Portsmouth Street Railway & Light Company will refuse to connect any piece of work to their lines that does not conform strictly to the rules of the Ohio Inspection Bureau.

We are doing this for the benefit of our customers who are not familiar with the rules for wire installation, and to protect them from future expense and trouble, which will be sure to occur when a new inspector is put in the Portsmouth territory and their work is condemned.

Warning!

When making a contract for electrical wiring, be sure to specify that the work be done in accordance with the rules of the Ohio Inspection Bureau. Call us and have the work inspected before paying for it. Then if there are any changes to be made, the contractor will be obliged to make them at no further expense to you.

This will assure you a good job and the Company will connect you to its lines. We will absolutely refuse to connect work that does not meet the requirements of the Ohio Inspection Bureau.

REINFORCEMENTS FOR BOTH SIDES

EL PASO, April 30.—Reinforcements for the Chihuahuas City loyal troops, also for the Carranza forces, which went over to the Carranza revolutionary movement, are being sent to the Carranza forces for a serious clash, observers of the developments in the Carranza state capital would mean a serious blow to the Carranza forces.

forces because of possible interruption of communication with Mexico City, it was pointed out, and the rebels would gain in control of the supply center.

Although in Juarez military officials asserted, danger of an uprising there in sympathy with the Carranza revolt was past, outposts were stationed last night to prevent a possible surprise attack on the border post and American army officers at Fort Bliss held troops in readiness for instant use in case a skirmish endangered life on the American side.

General J. H. Escobar, Juarez commander, and other Mexican federal officials continued to minimize the dan-

pers to the central government from the Carranza revolt. General Escobar said the Carranza forces in Pulpito Pass was a mere skirmish. He declared the troops at Casas Grandes were adequate for protection of the state from Carranza forces. Carranza Indians through the mountain passes. The situation, both at Juarez and at Torreon, was declared to be quiet.

May Day Plot Bared

(Continued from Page One)

NEW YORK, April 30.—William J. Flynn, chief of the investigation bureau of the department of justice conferred today with his New York district lieutenant regarding preparations to forestall possible May Day demonstrations here.

Flynn arrived here with a number of special agents and already more than a score of department detectives are investigating extremists activities and "covering" radical headquarters in this territory.

Extraordinary precautions against possible attempts at May Day demonstrations have been taken by the police department. Every policeman will be held in reserve from today until Monday forenoon.

Supreme Court Justice Weeks and Assistant District Attorney Burke who have been identified with the trial and prosecution of virtually all radicals convicted of criminal anarchy and sentenced to prison terms here in the last six months are being guarded day and night it was stated.

Special guards will be thrown around all public buildings and structures railroad yards and terminals and churches. Warnings have been sent to all prominent citizens to be on guard against possible attempts to assassinate and post office and express officials have been asked to watch closely all matter in transit addressed to persons in high station in public and private life. Special preparations to guard the criminal court houses and Justice Weeks court room and chambers have been made for next Monday when James Larkin, Irish labor leader recently convicted of criminal anarchy, is scheduled for sentence.

ARRESTED FOR STEALING FUNDS

LAREDO—Cosimo Ilmola, until recently postmaster general in Carranza government of Mexico, arrested on charge stealing \$50,000 in Mexican government funds, says in statement he intended to use money to aid Carranza revolution.

DID HIM MORE GOOD THAN TRIP TO HOT SPRINGS, SAYS HUFF

Had Rheumatism So Bad He Could Not Stand On His Feet For Several Months.

TANLAC RESTORED HIM TO SPLENDID HEALTH

Has Gained Forty Pounds And Can Work With The Best Of Them Now — Eats Anything.

"Yes, sir, I can testify to Tanlac being good for stomach trouble and rheumatism," said William C. Huff, 812 Garden street, Toledo, a well known employee of the Willys-Overland Automobile Company, "for the medicine set me right more than two years ago and I am still feeling fine."

"My trouble started about ten years ago with loss of appetite. Soon after this I commenced to suffer from indigestion and sour stomach and it wasn't long until inflammatory rheumatism got into my feet and legs. For months I was unable to stand on my feet and was in intense pain most of the time. My feet and legs would swell up to twice their normal size and if a red hot iron had been run

into my flesh I don't think it could have hurt worse. Now and then I felt a little better, but the trouble would soon come back worse than ever, and something more than two years ago I got in such a bad fix that I was advised to try Hot Springs.

"After taking the treatment there for nearly six months I seemed to be considerably improved, but a few months later the old trouble started up again, and it was at this time that a friend of mine suggested Tanlac. The first two bottles brought about such good results, giving me a fine appetite and making me feel so much better, that I bought more and just kept taking it and improving. Well, after finishing my sixth bottle I felt perfectly sound and well and had the surprise of my life when I got on the scales and found I had actually picked up forty pounds in weight, and the best of it is I have held my wonderful increase in weight and strength and have felt fine to this good day. I have the best thanks in the world for restoring Tanlac and I don't hesitate to recommend it for, as I said, it set me right when everything else failed and it has a very dreary outlook for me. I am enjoying better health than I have in fifteen years and when it comes to work, I can hold my own with the best of them. Tanlac built me up until I neither look or feel like the same man. It's a great medicine there's no getting around that fact."

Fisher and Strick Pharmacy and Tanlac is sold in Portsmouth by the leading druggists in every town.

BOY SCOUTS MEET IN MAYOR'S OFFICE

If the Boy Scouts wanted to meet, and their usual place of meeting was being used for church services, what would you do? Mayor Sikes of Scitoville solved the problem last night by turning over his office to them, so the ten Second Class Boy Scouts adjourned to the Mayor's office, and there took up their study of first class work. The class will meet for their final session tonight, and the Court of Honor will meet to examine the candidates on Monday night, May 3.

British To Aid Turks To Fight Nationalists

CONSTANTINOPLE, April 28.—(By The Associated Press).—British troops, it is believed, plan to support the Sultan's forces in the movement against Turkish nationalists in Asia Minor and even join in an aggressive offensive against Mustafa Kemal.

Deputy General Sir G. F. Milne, commander of British forces here, has gone to Izmid on an inspection tour and elaborate preparations are being made by the British along the Anatolian coast of the Sea of Marmora, where they have occupied Mudania, the port of Brusa.

The occupation of Mudania was effected with that Indian troops, and it is expected the British will soon take over Brusa, which is a prominent nationalist center. The "underground route" from Constantinople to Anatolia has been through the Marmara ports, which the British now apparently intend to control.

Fragmentary reports of the San Remo council session have been printed in the Constantinople papers. The messages were heartily censured. The nationalists expect that the actual delivery of the completed peace terms with Turkey will help their cause.

Will Resume Next Monday

After being idle two weeks owing to a shortage of material the piece plant of the Excelsior Shoe company at Front and Jefferson streets will resume operation Monday.

Named On Commerce Commission

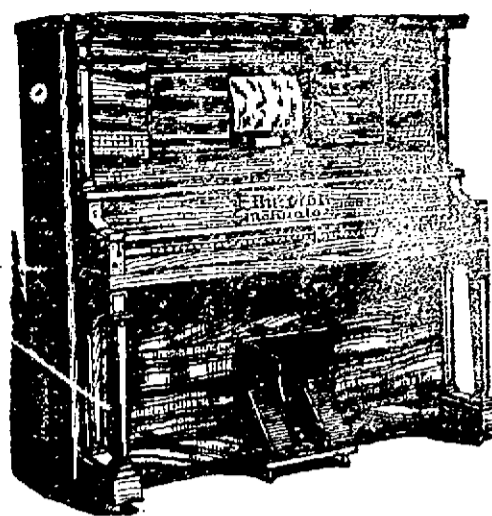

WASHINGTON, April 30.—Henry Jones Ford, professor of politics at Princeton university and James Dunne of Quincy, Mass., a former vice president of the American Federation of Labor, were nominated today by President Wilson to be members of the interstate commerce commission.

Mr. Ford will succeed commissioner James S. Harlan, whose term expired more than a year ago, and Mr. Dunne is to take one of the two new positions on the commission, created by its enlargement under the transportation act. White House officials said a nomination for the other vacancy might be made in the near future, thus bringing the commission to its full membership of nine.

Situation In Ruhr Valley Reported Grave

LONDON, April 28.—The situation in the Ruhr district is grave and an armistice movement is feared, according to a Berlin dispatch to the Central News. A large secret stock of arms has been discovered at Kuesen, an island in the Rur river in the province of Westphalia, and the leader of the land guards who is charged with guarding the arms has been arrested. The land guard has been dis-

Jackson Sheriff Wounded

About 4:30 Thursday morning four men entered the Cambrian hotel, Jackson and were caught in the act of attempting to rifle the cash register.

They were discovered by Jay Adams, janitor of the hotel, who at once summoned Sheriff William Davis.

The sheriff, in his haste to reach the scene of the robbery, failed to arm himself. In the shooting affray which ensued, Davis was wounded in the head by a revolver shot and severely clubbed with a revolver.

Two of the four men escaped in a machine, taking out the Chillicothe

"QUALITY—STYLE—SERVICE"

A Store Is Known By The Customers It Keeps

The When Customers know these two important business facts:

THEY KNOW WHAT THEY WANT — THEY KNOW HOW TO GET IT

We are proud of the kind of store-keeping that holds customers like that.

And we can boast of our store without self-praise. Because The When Store belongs to its customers.

The Customers have made the store more than the store has made the Customers.

We have grown and prospered as we have reflected the customer's viewpoint.

We shall continue to grow and prosper because more and more men and women are finding out what kind of Store we keep. And as they find us out, we keep more and more customers.

We are very proud of our Customers. We are proud that we are their kind of a Store.

We like to sell clothing to men and women who know what they want and know when they get it.

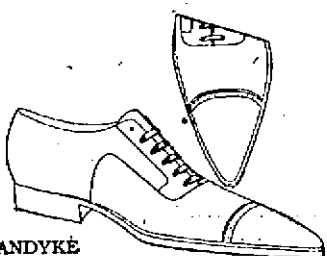

And thousands of them are getting it — JUST THAT. Because if they were not we would know it first. The When Store guarantee assures that.

It says; and means what it says, that if for any reason you are not satisfied with the goods bought from us, we will gladly make it right at any time.

TAKE JOY RIDE WHEN MOON SHINES ON THE MOON SHINE; PAIR ARRESTED

Frank Parsh, white, and Will White, colored, tanked up on moonshine last night and then went to Windle's garage, where the former is employed as a painter, and taking an automobile went joy riding through the North End.

At 3 a. m. this morning the police halted the machine at Fifteenth and Waller streets and arrested the pair for intoxication and taking the machine without the owner's consent.

Louis Scofield was the name given by the driver of an automobile which collided with a machine driven by a man named Walter Stattery at Ballia and Sinton streets several days ago and which resulted in the arrest of the former on a charge of reckless driving.

Scofield was released from custody and ordered to appear in municipal court today.

BETTER THAN CALOMEL

Thousands Have Discovered
Dr. Edwards' Olive Tablets
Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after-effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "lozy" and "heavy."

Note how they clear clouded brain and perk up the spirits. 10c and 25c a box.

Buy With A Great Buying Power!

No, that is not a queer thing to say. The merchant who buys in dozens MUST PAY MORE THAN THOSE WHO AS ONE.—buy in thousands. That is a plain, self-evident fact. Perhaps you have wondered how we can set a standard for low prices during these times. Perhaps you are one of the many who asked us: "How can you sell quality goods at such very low prices?" Here's the answer,—right now. The "P. D. G." store is but one of an immense chain which purchases in tremendously large wholesale lots as a unit. There is a great reason for every bargain we offer—the power of 150 large stores buying as one. The best of the market is bought in enormous quantities and therefore obtained at unheard of low prices. Realize this: Every time you buy here you are positively getting more than ordinary value for the price; you are really getting high quality goods at regular wholesale prices. Think this over—then remember—Each "P. D. G." customer is cutting down the cost of living by patronizing a store where prices are always as low as they possibly can be.

ROAD BEING REPAIRED

The county commissioners have a force of men making repairs to the road leading from Lanesville to the west side, which will be used extensively this summer, as the Scoto trail is blocked as far as Lanesville. The road was badly washed out by the last rise in the Scoto, which submerged it to a depth of eight feet.

Cars Derailed

At 4:30 Thursday afternoon extra westbound N. and W. freight train in charge of Conductor Frank Beardsley and Engineer F. M. Jennings derailed eight cars of coal two miles east of Wheelersburg.
The truck was torn up 460 feet and traffic was delayed until 10:30 last night.
No. 22 due here at 7:15 from Columbus did not leave here until 10:30 last night. A broken drawbar on one of the cars caused the smashup.
The cars were wrecked and dumped by the wrecking crew from East Portsmouth directed by Supt. H. C. Weller and Assistant Supt. H. T. Heinicker.

Charged With Wife Beating

On warrants issued from Municipal court charging wife beating and non-support, Richard Walker, aged 22 years, was arrested last night by the police and brought to the city prison where he languishes pending his hearing before Judge Small.
The complaints were filed by Probation Officer Harry Ball and the alleged assault occurred last Sunday.

EXAMINATION FOR CHAUFFEURS

A United States civil service examination will be held on May 20th on the second floor of the post office for the male chauffeurs. Applications—must be made in advance of the day of examination.
The examination will be held at 9 o'clock a. m.
Applicants must have at least two months driving experience with a gas-tight truck of 3-ton capacity; and must be able to make minor repairs. The salary ranges from \$1301 to \$1576 per year.

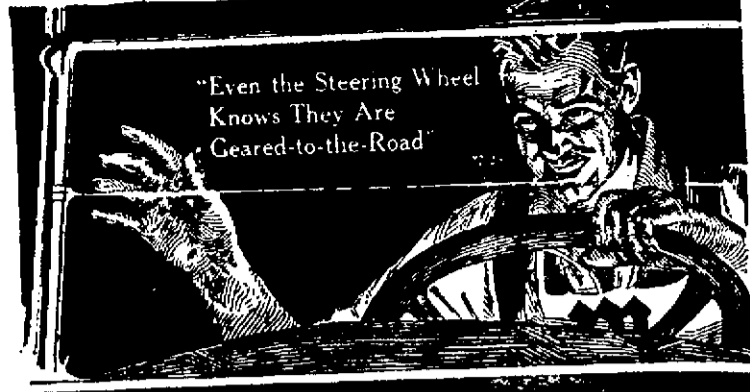

THOUGHT SCOUT HEADQUARTERS ON FIRE

About eight o'clock last night the phone of the Scout Executive's home rang. The Scout Executive was in Sclafville teaching a group of Scouts their First Class work. Mrs. Gillman answered the phone and an excited voice told her that the Scout Headquarters were on fire. She at once telephoned the police and fire department and Scout Edward Gillman, Jr., jumped on his wheel and broke the speed limit and all records in his ride to Scout Headquarters, determined to save the wireless instruments, at least. On Gallia street he picked up Curly Williams Assistant Scout Executive, who qualified for the Olympic meet in his spirit to headquarters. The police sent the patrol wagon to assist, but though a flickering glow showed from the third story, there was no fire anywhere.
Some Wireless Scouts were installing the new buzzers that have just come and the light of the flickering gas jets had been mistaken for fire.

Brotherhoods Issue Statement On Strike

At a meeting of N. & W. engineers, and Senora in quitting the service was fully discussed, and after so doing we feel that it is our duty to the organization we represent, ourselves and the public to make a statement of the facts

In connection with the illegal action of the yardmen, so that they (the yardmen) and likewise all of the people in the community be furnished further information, that they may thoroughly understand the issue and the attitude of the great majority of the members of the four Railroad Brotherhoods in connection with the illegal action.

First, we want to make it plain that there is a reason for the spirit of discontent which now exists among the railroad employees and that reason is due to the fact that they are not now, nor have been for sometime, receiving wages commensurate with the times, the service performed, or the standard of living, but notwithstanding that does not justify the yardmen, who are in the minority in our organization, in repudiating their brotherhoods and organizing rival organizations with the avowed intention of disrupting the old brotherhoods and taking an obstinate position in that they would not return to work unless officially recognized by the railroad managements, who could not recognize a new organization by reason of prior contracts with the old recognized ones. By such action, the yardmen forced us into the position that contracts that were made with the railroad in good faith and are now threatened and which are now being flagrantly violated by the yardmen, such action jeopardizes our standing, not only with the railroad management, but also our standing with the right thinking people of the community.

The roadmen wish to call the attention of the yardmen to the fact that the yardmen are in better financial condition than the brakemen in road service. Yard foremen earn \$3.75 and helpers \$3.00 per day, whereas through

freight brakemen earn \$1.05 and local freight brakemen \$1.45 per day, out of which they are compelled to pay living expenses when away from home.

The roadmen are not satisfied with these conditions any more than the yardmen. Further, we know that substantial increases in wages should have been given long ago, but that as it may, we are positively opposed to any wrong and hurtful methods in the conduct of our affairs and, therefore, believe wage negotiations should be handled through the regular established channels in an orderly, business like way, and, therefore, we cannot, in fairness, permit a few of our members to repudiate our organizations and of

forts of many years and thereby put into discard all business-like and orderly procedure, which seems to have been the case primarily for the purpose of promoting a new organization. It is now nearly three weeks since the walkout occurred and since that time officers of the Brotherhood of Railroad Trainmen, as well as officers of the other train brotherhoods, insistently endeavored to induce the striking yardmen to return to work until such a time as the Railroad Wage Board could pass on the demands

which were being submitted to the board. For at least two weeks, the yardmen had the opportunity to all return to work without loss of seniority and without prejudice, but notwithstanding this, they obstinately rejected all offers of mediation and insisted upon being officially recognized, which was not within the province of the railroad to do.

In consideration of the foregoing, and in deference to ourselves, our families, the community, the yardmen themselves and the railroad, we, the roadmen, feel the time has now arrived when we cannot give concurrence to a continuance of the present conditions of affairs and by joint action to declare that all road and yardmen who have a high regard for their obligations, their contracts with the railroad, a decent understanding of fair business dealing and respecting the interest of the community, should cooperate in every way in assisting the Brotherhood of Railroad Trainmen in protecting their contract, especially in aiding them in filling the positions vacated by the yardmen.

It was unanimously voted by the body that the above statement be concurred in and given to the press of Portsmouth and Ironton.

Characters Are Selected

The characters which are to enact the prominent roles in the Senior class play "Admirable Crichton," by J. M. Barrie, have been selected by the director Mrs. Katherine Dawson Gableman as follows: Thomas Crabtree, Harold Glendene, David Grimes, Alfred Millard, Paul Rode and Jennings Dodge. Misses Lillian Matthews, Florence Bein, Helen Dowling, Lorena Marr, Margaret Warden, Ina O'Brien, Helen Merrill, Helen Schultz, Helen Scott and Alfretha Scott.

Thomas Crabtree who plays the leading male role will appear as such both night, according to Mrs. Gableman who is very well pleased with his talent. The sixteen characters in the role of servants will be selected next week.

The manuscript copies of the parts have been received from Charles Frohman, New York, the producer to whom was paid a large royalty and the students are enthusiastically practicing each day.

An English comedy with plenty of opportunity to develop the class talent quite a bit of new scenery and the best possible talent in the school, the performances give promise of being successful. The delightful play will be staged May 21 and 22nd. Mrs. Gableman who is coaching the production has previously coached two Senior class plays, and holds the confidence of the students.

Speeders Are Fined

Pleading guilty to speeding, W. W. Weidner, a local real estate man, was fined \$25 and costs by Judge Small in Municipal court today, and Louis Scottfield drew a similar penalty following his conviction on a charge of reckless driving.

Scotfield by his careless driving collided with another machine on Gallop street yesterday while Weidner was caught speeding on Walnut street by a traffic officer.

Mrs. Geo. Bonzo, 2220 Eighth street, has been discharged from Hempstead Hospital, where she recently underwent an operation. She is doing splendidly.

Added features to the play this year will be the violin, piano and vocal solos together with the readings which will be rendered by students between acts.

She Believes There Is Magic In Vola-Tonic

Tells How the "Builder of Strength" Helped Her—Recommends It.

FELT WEAK ALL OVER

But Says She Is Now Feeling Better Than For Years.

Declaring there must be magic in Vola-Tonic, Mrs. Henry Letur, 4230 Eastern avenue, Cincinnati, told in detail how the medicine had helped her. "My system all over was weakened and run down," Mrs. Letur said. "For the last seven or eight months I have been so weak and nervous that I couldn't do the housework right. My nerves were so out of order that if anybody spoke a sharp word I'd go all to pieces. The noise of a wagon passing in the street or the children playing got on my nerves. At night I couldn't sleep or rest but would just toss and roll about the bed and would get up the next morning feeling worse than I did the night before."

"I took Vola-Tonic and from the way it built me up I think there must be magic in it. My nerves are in much better condition now. I sleep soundly every night and get good rest. In fact, I'm feeling better since taking Vola-Tonic than for years and naturally, I'm glad to recommend the medicine that did so much for me."

Vola-Tonic, "Builder of Strength," is sold in Portsmouth by Fisher and Streich, A. W. Drummond, John C. Kyle, Hood and Blake, Henry P. Wiggins, Stewart's drug store, Stahlner Drug Co., Unger's Pharmacy, Frank C. Miller and the Monard Park Pharmacy and is sold in New Boston by Kelso drug store and in South Portsmouth by S. T. Heeder.

The Adventurer
A ROMANTIC DRAMA BY ELLOYD SHELTON
STAGED BY J. GORDON EDWARDS

COLUMBIA TONIGHT AND TOMORROW

William Farnum, famous motion picture star, will be seen at the Columbia tonight and tomorrow in William Fox's presentation of a romantic love story, "The Adventurer," by E. Lloyd Sheldon. This contains a typical Farnum role, and one in which the many followers of the star are promised much.

Farnum is cast as a romantic lover who is as sure with his sword as with his heart. As the hero in "The Adventurer," he is certain to score, for it is the type of role in which he has won his greatest fame as an actor. William Farnum's ability is as unquestioned as the fact that he has the largest following of any male screen star in the world. In this romantic drama he is afforded a chance to display those fine histrionic touches which have elevated him to his present eminent position.

As usual, a strong supporting cast has been given this popular and talented star. Playing opposite him is Estelle Taylor, a new-comer in this city, an actress who has risen rapidly and for whom a bright future is predicted.

Is Your Life Shadowed by a Dark Cloud? Has a Woman With a Shadow Over Life The Right to Marry? See "Lifting Shadows" at the Temple Tonight.

The tie that bound Sonia Howard to her husband was their little daughter. Once he had been famous. Now he was a drug-ridden shell of a man. His talent for writing had been sacrificed through nervous self-indulgence, and she had grown to loathe him. She could tolerate him no longer and told him she would sue for a divorce. This threat and the fire of her anger roused all the best in him and, in self-defense, she shot him. Murder shadowed her life! Emmy Wehlen is the beautiful star to whom has been entrusted the role of Sonia in "Lifting Shadows," a gripping story of love and indigence. Leonora Perret produced and directed this Pathé feature, announced as the attraction at the Temple Theatre tonight. The cast includes Wynneham Standing, Stuart Holmes and Julia Bwayne Gordon.

She was a working girl, dragged to the depths of despair by long years of struggle against poverty. Three men offered their love. One was a coarse, uncouth money slave, another a fascinating nobleman who wasn't a marrying man, while the other was a handsome young artist—but he was poor. Which man did she marry? You think you know the answer, but a surprise awaits you when you see Pauline Frederick, the screen's supreme emotional star, in her latest Goldwyn dramatic triumph, "The Loves of Letty," at the Lyric tonight and tomorrow.

Action! Heart Interest! Suspense! All Are Found in Olive Thomas' Latest Play, "Out Yonder," Which is the Feature Attraction at The Strand Tonight and Tomorrow. When Olive Thomas comes to the Strand tonight and tomorrow in her new Schenck Picture, "Out Yonder," local fans will see the dainty artist in a role which is in striking contrast to anything she has done before. As the daughter of a big housekeeper on a lonely reef "somewhere in the Atlantic," Miss Thomas is called upon to display her versatility and dramatic talents in a most impressive and unusual way. The play tells of the love of Edward Elmer, a wealthy society man, for "Floam," a little waif of the sea, whom he has met by chance. Floam returns his love, but many obstacles must be overcome before the two can elude happiness. We urge you not to miss this play.

Tells Fat People Perverted Craving
For Wrong Foods Must Be Overcome
Says Arbolone Tablets Does This and Reduces Weight, Too

The person who is too fat is told to diet and the very thing that a perverted appetite craves are the ones you must not eat. Cravings are unquenchable. It is like an endless chain. The appetite demands and craves the things that are forbidden. Tablets Arbolone stops the perverted craving for the wrong foods, gives a normal appetite, eliminates the fat forming elements through kidneys and bowels, restores impaired health and strength and gives you a new life. One or two tablets will convince any fat person that Arbolone is what they need to reduce safely and successfully. Sold by thirty thousand druggists in sealed tubes with full directions.

NAME "BAYER" ON GENUINE ASPIRIN

Take tablets only as told in each "Bayer" package.

The "Bayer Cross" is the signature of the true "Bayer Tablets of Aspirin." The name "Bayer" is only on genuine Aspirin prescribed by physicians for over eighteen years. In every handy "Bayer" package are proper directions for Pain, Colds, Headache, Toothache, Earache, Neuralgia, Rheumatism, Lumbago, Sciatica, Neuritis. Tin boxes of 12 tablets costs only a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monrovia, California.

So Happy—Nothing Else Counts—At The Eastland Theatre Tonight, Too. H. Luca Presents Charles Ray in "The Hick," A Triangle Play. Also Mack Bennett Comedy.

If there is one person who can reach the heart of a movie fan, be it a man or woman, it is Charles Ray. There is something about his face whether it be the honest look in his eye, the sympathetic droop of his mouth, or the general air of unassuming, but it is something that wins you over the minute you see him. That is the reason everyone is going to like him in "The Hick," one of the best Triangle pictures which will be shown at the Eastland theatre tonight. "The Hick" concerns the adventures of a slave in a small New England town, his innocent flirtation with one of the college "dudes," impersonated by Ray, her winning of a beauty prize and her eventual capitulation to the wiles of Dan Cupid. Throughout, the picture is abundant with the atmosphere of the campus, which affords a fitting background for the many amusing situations of the story. A rip-roaring Mack Bennett comedy and a new instalment of the International news complete this excellent program.

SEE The most daring horse-woman of the Screen

"The One Way Trail" Drama of the R. R. Northwest

Edythe Sterling STRAIGHT-FORWARD APPEALING STAR

"The One Way Trail," a hair-raising drama of the Northwest Mounted Police is at the Exhibit Tonight. Filmed in the Open Country With the Screen's Most Daring Horse-Woman as the Star.

The story is the thing—this we are always told, but seldom is the theory of promise realized. However, in "The One Way Trail" is a story which is the thing. There is no question about it. It is a man-sized tale of the Northwest with action, bloodshed, revenge and love all figuring. This new picture will be shown for the first time in Portsmouth at the new Exhibit theatre tonight. In the matter of daring reckless stunts Miss Sterling again shines supreme. As the daughter of a man with a just, hunted by "Thunder" and his men in a manner so spectacular that you will gasp in thrill, trying stunts played by an electrifying star—that is "The One Way Trail." "The First False Step" a screaming Mack Bennett comedy will be the added attraction tonight.

BIRTHS

A fine baby daughter was born to Clerk of Courts and Mrs. Edward Cunningham at their West Side home yesterday. The pretty little miss looks just like her dear dad, say Ed's friends. She is passing around the smokes in honor of the new arrival.

Sunday Is Big Day
The services at Manly Methodist church will be of special interest Sunday morning. The sacrament of the Lord's Supper will be observed, there will be a baptismal service for children and adults, and a class of new members will be received from probation and by letter.

All services Sunday will be held on central standard time instead of the new city time.

Services Tonight.
Services in the Jewish Temple tonight will be held at 7:30, standard time, 8:30 new time. Last night the First Fifth club met in the Jewish Temple. The attendance was large.

"OH, LET'S DON'T"

People With Thin, Pale Blood Are Liable And Want to do Little

MORE RED BLOOD CELLS NEEDED
More Red Blood Cells Needed. Take Pepto-Mangan, Famous Tonic, and say "Let's Do It" instead of "Let's Don't"

When normally healthy, amiable people begin to lack energy and tire easily—when they are quickly discouraged and low in vitality, it usually means their blood has grown weak. Such people are called anemic, or "run-down." Build up the blood and you will build up the health and spirits. Pepto-Mangan is a pleasant-tasting red blood builder and it contains exactly the elements which poor, pale blood needs to become rich, red blood. Red blood means rosy cheeks, bright eyes, a clear brain, a firm step. Pepto-Mangan has placed thousands of people who needed building up in the full-blooded, energetic, vigorous class. It changes the "let's don't" attitude to a "let's go" attitude. Recommended by physicians for thirty years and sold all over the world. Pepto-Mangan is sold in both liquid and tablet form. Both contain the same medicinal ingredients. Buy Pepto-Mangan at your drug-gist's. Be sure the name "Pepto" is on the package. Without "Pepto" it is not Pepto-Mangan.—Advertisement.

Roy Stewart, The Vitrol Comedy Actor is at The Eastland Tomorrow in "The Devil Dodger," a Hard Edding, Fast Shooting Western Drama. Also "Elmo, The Fearless."

Roy Stewart, the popular western actor will be seen at the Eastland theatre tomorrow, matinee and night in his newest and most thrilling western picture "The Devil Dodger," the story of a sagacious person who flew in the face of Providence. "The Devil Dodger" has all the ingredients of thrilling, fast moving picture and all the wonderful scenery of the great west, with its mountains, plains, deserts and tough mining towns as a background. Stewart, again shows his ability as an actor as well as a cow-puncher and it is the unanimous opinion of all critics that this is his greatest effort on the silver screen. Elmo Lincoln will also be here again tomorrow in the 7th chapter of the big Universal super serial "Elmo, The Fearless" and they say this chapter even surpasses the former ones for thrills and daring. Don't forget the matinee tomorrow at 1:30 p. m.

The Boss Makes Hit At The Sun

"The Boss," the second dramatic offering of the Man La Porte Stock Company, which is playing a two weeks engagement at the Sun theatre, is even better than the first. "The Girl and the Sun," at the matinee Thursday and the show tonight. "The Boss" was presented for the first time to Portsmouth playgoers. By their applause and absorbed interest during the play and their praise after its presentation, they evidenced their approval of the play. All of the members of Miss La Porte's company are seen to splendid advantage in "The Boss."

GAMBLERS FINED; POLICE NEWS

Pleading guilty to charges of gambling, in Municipal court this afternoon, 32 of the 13 men arrested by the police last night in a raid on a card game at 441 Front street, were fined with fines of \$50 and costs each by Judge Sewell.

John Sheppard, Claude Hall, E. D. Bowen, Jack Childers, George Willies, Clyde Cochran, Charles Chick, Abe Merrill and Harry McNeil paid up and were released, while Jeff and Andrew Gillen and Arthur Hicks had no funds and were remanded to jail.

Benjamin Stewart was dismissed when the evidence disclosed he had not participated in the game at any time.

Frank Persh, auto painter, and Will White, colored, pleaded not guilty to taking an automobile from the garage of the Windel Motor company without the owner's consent, which is a felony, and their cases were continued pending the return of Carl Windel from Columbus. Persh put up a cash bond of \$500 for his appearance for trial and White was remanded to jail in default of bond.

Edward Walker, young woodworker employed at the Beece plant, charged with nonsupport of his wife, who is in a delicate condition, and with assaulting her, pleaded not guilty, and after hearing the evidence the court continued his case and allowed him to go on probation, after he promised to go to work and support his wife properly. He was also ordered to cease molesting his wife.

Strikers Make An Effort To Get Hearing

WASHINGTON, April 30.—Another effort to gain a hearing before the railroad labor board was made today by representatives of the non-recognized associations of railroad men who have quit their jobs.

In a letter to Chairman Burton, officials of the new organizations said the recognized unions had misrepresented the strikers and they asked that the new associations of yard men and engineers be permitted to present the wage demands of the strikers. W. S. Carter, president of the Brotherhood of Locomotive Firemen and Engineers protested against the board hearing the new organizations, declaring that if the board recognized men who had repudiated wage agreements made by the brotherhoods a premium would be placed on the violation of agreements.

Refugees have been teaching the doctrine that labor should quit work when their demands were not acceded to despite wage agreements entered into by the representatives of the union. Mr. Carter said, and the growth of this doctrine is resulting in the most serious situation organized labor has ever faced.

Wrong Valuations.

After all, most of us place a wrong valuation on the things of life, observes an investigator. Many of us are made miserable by the fear of ridicule, others by fear of censure, fear of public opinion, fear of failure—these are stumbling blocks in the way of many who long for success. Faith can remove mountains. Difficulties that have seemed altogether insurmountable give way before courage. The person who has high faith, deep and abiding courage, faith in oneself and in human nature, courage as a shield against misfortune, will never lose the fight, permanently, whatever it may be. For what one loses in material things one will gain in character, and character is all that is needed in this world for any real and lasting success.

The Schwendkelders.

The Schwendkelders are a religious sect who, like the Friends, the Dunkards and the Mennonites, profess the doctrine of nonresistance. They are the followers of Kaspar von Schwendkeld, a German religious reformer of the sixteenth century. He was an advocate of the Reformation, but his views differed greatly from those of Luther. He did not found a church as it was inconsistent with his principles, but after his death his followers held meetings and different congregations came into existence in various parts of Germany, particularly in Silesia. They suffered much persecution and many left their homes. In 1534 families emigrated from Silesia to Pennsylvania and settled in Montgomery and Perkasie counties. They have in this country six churches and 1,043 members.

Bell Silent Forty Years.

Silent for more than forty years, a big bell hangs in the tower of the Jefferson Market Court building in New York city, and comparatively few persons know of its existence. More than half a century ago in Greenwich village, on the site of the court building, there was a tower in which hung a fire alarm bell. In this tower near the bell always was stationed a watchman to sound the alarm whenever, in looking out over the village, he espied a fire. When the present court building was completed in 1876, the old bell was set in the tower, but from that day on its voice was hushed. This bell weighs five tons and measures eight feet across the mouth.

FLOOD DAMAGE HEAVY

WAVERLY, April 30.—The flood damage last week was very great all along the Scioto Valley. In many places bottoms were ruined, great holes being dug out and the soil washed off. Numerous levees were washed away and the roads were badly washed. This is true, especially on the Beaver road and others where the current was strong.

The water was higher than it has been since 1916 and there have been but few times when it was higher. The reported damage to the bridge leading to Beaver was false, and apparently it is not damaged. To show how it damaged crops, Conrad Blum had 20 acres of oats and alfalfa absolutely ruined, on which he had sown \$300 worth of seed.

Switchmen Hold Daily Meeting

WITH THE SICK

Mrs. L. C. Murphy of Gallia street who underwent an operation in Grant hospital Columbus sometime ago will be home to spend the week end but will return Monday to the hospital.

Mrs. Charles Vincent of 301 Third street underwent a serious operation at Remington hospital this morning. She rallied nicely.

Plenty of Coal.

The United States geological survey estimates that our reserves of easily accessible anthracite and bituminous coal is more than 1,500 billion tons, while half as much again of the same grades can be made accessible with little difficulty, aside from comparable tonnage of subbituminous coal and lignite. These figures are exclusive of Alaska, which possesses, according to the recent report of the survey, 150 billion tons. This estimate of Alaska alone would permit for an output of 10,000 tons a day for more than forty thousand years. But the United States proper possesses a known quantity of coal deposits which gives her two-thirds of the world's store untouched.

Coldly Rainy Day.

It has been calculated that the cost of a rainy day in New York city is something like \$100,000.

Odd Church Belts.

A curious story is told of the bells of Messingham church, England. It is said that a long time ago a traveler passing through Messingham noticed three men sitting on a stile in the churchyard and calling out, "Come to church, Thompson!" "Come to church, Brown!" "Come to church, Wilkins!" And so on. Greatly surprised, the traveler asked what it meant. He was told the place having no bells, they called the folk to church in this way. The traveler remarked that it was a pity that such a church should be without bells, and at the same time asked the men if they could make three for the church if he would pay for them himself. They readily agreed to do this. By trade the three men were a tinker, a carpenter and a shoemaker. When next the traveler passed that way he found the three men ringing three bells, which said "Ting, tank, pluff," being made respectively of tin, wood and leather.

A Map Puzzle.

A few years ago two brothers who lived in a city of twenty thousand inhabitants made a jigsaw puzzle from a colored map of their city glued to a thin piece of board. By playing the game of putting the irregular little pieces together, relates the Youth's Companion, they soon learned the names of the different streets, avenues, parks, public buildings, factories and churches as they appeared on the map, and before long they could point to any one of the places and name it. Recently the brothers have formed a partnership in the business of delivering parcels, handbills and messages. They are famous for quick service; they can go unerringly and swiftly to any place in the city. Their map game has proved to be of practical value. Other boys who may have no intention of starting a delivery service will find the game interesting, and will also discover its practical value; for a thorough knowledge of the region around you, whether it be country, town or thickly settled city, always brings some advantage to its possessor.

HONEST-TO-GOODNESS FURNITURE ON DISPLAY HERE.

There is so much camouflage in the world. When women buy calicos and gingham they are not assured that the colors won't "run." The goods look as good as formerly, but the quality may be sadly missing. And the same thing applies in many instances, to the purchase of furniture. All is not gold that glitters, and it's an easy manner to fool some people by veneering. But that is not attempted at this store, where quality goods hold sway. We think too much of our reputation and too much of our customers to attempt palming off something that is a little above the standard of quality. You can buy here and be absolutely sure your money is going the limit.

It's High-Time You Were Deciding About Your Summer Needs

These chilly days are with us for only a short time. Old Sol is soon to be back on the job with all his strength and vigor. If you delay in your selections, you may miss the very article you have been wanting. While our stocks are complete as to patterns, nevertheless shipments are coming in very slowly. Fortunately we have arranged for more ware room space and will be able to buy in still greater quantities, but buying in wholesale quantities now is no sign you will be able to have your orders filled. So we advise buying while you have the opportunity.

SHERIFF GOES AFTER MISS STRONG; SHE WILL FACE A NEW INDICTMENT

Miss Hilda Strong, former Red Cross nurse, is expected to arrive in the city Saturday noon from her home at Cincinnati in custody of Sheriff E. E. Hickey to answer to indictments brought by the recent grand jury charging her with misappropriating city funds when superintendent of Hampstead hospital.

The previous indictments on which Miss Strong was arrested on her arrival in New York from France last December were found faulty and it became necessary to bring new bills. The accused nurse pleaded not guilty to the old indictments and she has since been out on bond. Overtures were made at one time by attorneys for the defendant for a settlement under which it was proposed that Miss Strong would be allowed to make good the shortage amounting to approximately \$4,000 but these negotiations were abruptly broken off and now a compromise of the case is considered a most remote possibility, it is said.

Sheriff Hickey left today for the Queen City to arrest Miss Strong.

What Is Rheumatism? Why Suffer From It?

Sufferers Should Realize That It Is a Blood Infection and Can Be Permanently Relieved

Rheumatism means that the blood has become saturated with uric acid poison.

It does not require medical advice to know that good health is absolutely dependent upon pure blood. When the muscles and joints become sore and drawn with rheumatism it is not a wise thing to take a little salve and by rubbing it on the sore spot, expect to get rid of your rheumatism. You must go deeper than that, down deep into the blood where the poison lurks

and which is not affected by salves and ointments. It is important that you rid yourself of this terrible disease before it goes too far. S. S. A SPLENDID GROWTH

THE announcement of Portsmouth's population, as officially determined, should bring unqualified satisfaction. True enough it is not as large as enthusiasm had placed it, but 33,011 people make a city of some size and the kind there are in Portsmouth make it the best.

Then compare the actual increase with what is a natural growth, the gain in population through the excess of births over deaths, in a period of ten years would exceed twelve per cent. Portsmouth has exceeded that considerably better than by four times. In 1910 the number of her inhabitants was 23,481, so the gain in numbers has been 9,530, over 40 per cent. The towns that have done as well are exceptional.

It must be remembered too that exceptional conditions stood in the way of growth and all that actually did take place is not represented by the official figures. Portsmouth is unusually small in area and a large part of it is not adaptable for residential purposes, while the high prices of realty has resulted in forcing people to adjacent territory. New Boston, Sciotoville, West Side, variously designated as Bertha, Union Mills and Nauvoo, are essentially a part of the city, though not legally. The bulk of the people in all these places, either is employed in Portsmouth, or else supported by members of the family who follow occupations therein.

But after all it is better to show strong, steady gain, than make a phenomenal spurge to come later to a sharp lull. By the next census New Boston and Sciotoville and Wheelersburg will be in the larger city, which then will show far more progress than it did on the recent count.

THE OVERALL FAD

WE are going to expound some views on the overall fad, that is being so much exploited of late, but it is just a fad that will run its absurd course in a short time, and should be looked at in the spirit shown by this editorial, which comes to us uncredited:

"Wearing overalls may have its value as a protest against the high cost of tweeds and serges," but we question greatly whether the fad will do much to better the situation. One result, if it is generally followed, will be a jump in the price of jeans. Already reports say, the price shows an upward tendency, and men for whom the denim suits are an essential working costume view with alarm this effect of the movement to make the uniform of the toiler fashionable.

"The same argument that was used against popularizing the cheap cost of meat applies to the adoption of overalls by bankers, brokers, clerks and others not engaged in manual labor.

"We are inclined to agree with H. C. Larimer, a fair price commissioner for Iowa, who says that the way to reduce high prices is not "by going to extremes, but by sticking to a policy of sane, careful, intelligent buying."

To that advice we would add: If the men who wear overalls because their jobs require them will stay at their jobs and put into them every day an honest day's work, and if the men whose jobs do not require overalls will be equally diligent, we will bring down the high cost of living by catching up with the deficit in production — and there is no other way so certain or so safe for bringing it down.

The high cost of living is the high cost of strikes and idleness.

ONE MORE SUCH VICTORY

AFTER winning a great, but exhaustive battle, a famous commander exclaimed: "One more such victory and I am undone."

Senator Harding must be in a spirit right now to understand the situation of that general. He carries Ohio, but by a margin so small and fractured in places that it robs him altogether of his prestige as a favorite son in a great and doubtful state.

The result was about as was to have been fairly expected, though a little worse. Wood stood from the start better than an even chance in Cleveland, which is ever an uncertain and variable quantity, as compared with the rest of the state, but it was long odds against him making much of a showing elsewhere, but still he makes "a horse race" of it and forces Harding to extend himself to win by a length.

A miss is as good as a mile, they say, but it isn't at all so in this case. For what Harding loses in prestige by not making a clean and distinct sweep, Wood gains, the latter showing that he has distinct strength with the rank and file and it is not all money, as his party opponents charge, behind him. Truth to say, if the primaries had come on a week later he would have won because favor was turning rapidly towards him.

We confess to surprise that Harding did not carry the state by a more distinct plurality. We say plurality for it appears that

while he got more votes than Wood so many ballots had the names of Johnson and Hoover written thereon that he hadn't a majority of all.

It looks, after all, as though the greatest dash of cold water on the favorite son campaign was the paltry total vote cast. Figuring it out it is found that scarce more than one Republican out of forty took the trouble to go out and show his preference for the favorite son, not a thing demonstrating unbounded enthusiasm.

Talking about signs, doesn't it look like Eli Johnson is about to become the William Jennings Bryan of the Republican party? Our friends, the enemy, are surely welcome to him.

Marion and Mansfield, over there in the back seats, will now please be quiet.

THE DIARY OF AN ENGAGED GIRL

IS CECIL FISHING FOR LINDSEY'S HEART?

After that talk with Cecil I felt awfully close to him and at dinner today I found mother's eye fixed upon me in a way that she has when somewhat puzzled at some new outburst of mine or when she is particularly surprised. I pretended not to notice it, however, and was perfectly natural all through the meal.

Mother is really such a dear and such a good mother that it hurts me terribly, sometimes, to feel that she does not and will not understand me. I know that she loves me to death, but she will not make allowances for me nor condone with my wanderings, mental or physical. That's all.

Cecil said to me to have it out with Jack, just like my Aunt Cecilia had it out with Jeffery twelve years ago. And I'm going to, some day very soon. Cecil says to remember that conditions have changed vastly in the last few years, that the war has made both men and women more human. He is pretty sure old Jack will come up to the acid test, couldn't do otherwise. He says that any man who went through the Argonne fight, as Jack did, isn't going to talk at the truth being presented to him by the girl he loves, that's sure! I admire Cecil for having all that faith after what has gone through. It's splendid. If a man can come through, despite all sorts of bitter experiences and disappointments, he is really a man and worth making a sacrifice for. I hope that Cecil finds his mate, and I just know that he will.

We sat and talked happily for some time after dinner, mother flitting in and out of the room in a watchful way that made us both smile. Once, when we were alone, Cecil suddenly asked me what sort of a husband I thought he would make. And I answered quite truthfully and impulsively, "Oh, a very wonderful one."

Then I felt my face grow scarlet and I can't explain why. I can't, and yet I can. I just know that this question suddenly made me put myself in the place of being the girl I loved, his wife, and I wondered (subconsciously, of course) how it would feel to be loved by and married to Cecil. It made me feel queer somehow.

Cecil never seemed to notice my blush, for which I was more than grateful.

"I think you would be awfully good to a woman," I explained, "and above all you would be tolerant, and that's what most modern women are seeking in the men they marry today. Tolerance."

"Well, little Lindsey, if you never discover it anywhere else, this tolerance you so crave, always remember that you know of one place to find it." And then he looked deep into my eyes—and I winked back something that I felt welling up in them, for no good reason whatsoever, and said nothing but what looked like truth. But he was very gentle all the rest of the evening. And I felt different and strangely rested, mentally.

Jack called up to say he wanted me to go tomorrow just as early as I could in the morning, but that he would not be over this evening. Barbara, it seems, has to be escorted to town. I was just beginning to begin "puzzling" again, after he had "phoned" when Cecil looked over at me and said, "Remember, sister, fifty years from now nothing

will matter." That's a happy thought, after all. (To be continued)

A New Child-Proof Prodigy

England had hardly recovered from its astonishment and admiration effected by its child novelist, Daisy Ashford, when it was again plunged into admiration and astonishment by a child poet. This time the child is still a child, and much is expected from her in the future.

She is 14 years old, and her name is Annette Joyce-Wilson. Publishers are fighting for the privilege of bringing out her work, musicians are begging to be allowed to set the poems to music and photographers are besieging her for sittings. Good critics have pronounced the poems genuinely beautiful and of remarkable maturity. Here is one entitled "The Making of Mum."

"Mum" is the mother of the little poet. The child's spelling and punctuation are retained.

God took two drops of the deep green seas

Two twinkles from stars in the skies

A wee little bit of a fleecy cloud

And he made them into your eyes.

God took a ray of sunshine

Then pulling a rose apart

He took the gold of his petals

And made them into your hair.

God took the leaves of a lily

And the depths of the deepest blue

And then with a spark of mother-love

He made them into your soul.

God took an angel's laughter

And a diamond that spoke of fun

And placing them with the others

He made you—my little mum.

Only Bent (?)

Same old story—banana skin on the pavement and the underservant jasperly.

In this case the victim was a well-nourished lady of 200 pounds or so, and she alighted in a box of best country eggs outside a grocery store. The merchant ran out to assist her to her feet.

"Oh, I do hope I haven't broken them," she said when she had regained her perpendicular.

"Not at all, ma'am," said the man politely. "They aren't broken, only slightly bent."—Pittsburgh Chronicle-Telegraph.

Close Association

"The police department has decided to divorce her latest husband."

"On what grounds?"

"She says he insists on sitting in the same box every night when she sings. As a result they have been thrown together so much that he has gotten out her nerves."

BILLY WHISKERS

by FRANCES TREGO MONTGOMERY

The kids and Hutton got on board the boat as planned and Day hid herself in the ladies' cabin under a table that had a long cover on it which came to the floor. Poor Night, while looking for her, got shut into the potato bin, where he had to stay for two days, during which time he ate up nearly all the potatoes; and the steamer was well on her way to Constantinople before he was found. In the meantime Day and Hutton had searched everywhere for him and had come to the conclusion that he must have jumped overboard like Bosay, only with better success.

One day, Day, who was a great favorite of the cook, followed her into the kitchen for some cakes and there found Night being petted and fed with cakes too. Her joy was great and she ran up to him and began licking his face and making a great fuss over him.

"Well, I declare!" exclaimed the cook. "You two act as if you had never seen each other before. That is probably the way you came to be on board. One of you must have come on and the other followed, and in some way you got separated. You certainly make a handsome pair. But what in the world are we doing to do with two goats and a black cat? We did not dare turn the cat off, as they say it is good luck to have a black cat come to you; but if you turn it off it had luck will follow. We will have a menagerie if any more animals come on board at our next stopping place. For we already have a parrot and a mocking bird, and I know how many strange things the steamer passengers have. I know of

one pet a man has, and that is a guinea pig."

"Mamma," called some one, and the cook went away to see what was wanted. As soon as she was gone, Day and Night had a good long talk together and Day forgave Night for neglecting her for a few days when he told her he did not care a feather for Hutton or Spotty, and that he never had cared for her as much as he did for his own little sister. He had liked to talk to her because she was bright and funny. And Day, like her human sisters, believed him and kissed and made up.

On board the steamer was an attaché of the Sultan's court and seeing the kids, he received the idea of buying them from the Captain and presenting them to the Sultan as a present for the children of the harem. His idea was to have them washed, scrubbed and perfumed until their coats were like satin and suit like fur or robes and have a harness made for them of red moose leather with gold buckles. To go with this was a wide breastplate and headstrap thickly set with jewels. While from each horn was to hang a golden bell heavily encrusted with rubies, diamonds and emeralds. When he paraded in this fashion, they were to be harnessed to a little white and gold basket-pony. You see they were no longer little kids, but good sized goats having grown a lot since they started on their travels, and being perfectly able to carry a little basket-pony or cart of any description.

(Tomorrow the goats surprise the passengers.)

Watch Out!

In one of our camps just before our entrance into the war, an officer was making a round of inspection when he came upon a big, round-eyed private with red hair and a grin that he held in anything but the approved fashion.

"Don't you know better," demanded the officer, "than to point an empty gun at me?"

"But I ain't empty, sir," protested the private. "It's loaded."

Many Like Him

A gentleman here from Georgia says the funniest situation in the south this year reminds him of this story:

A negro applied to a cotton plantation manager for work.

"All right," said the manager. "Come around in the morning and I'll put you to work and pay you what you are worth."

"No, sah; I can't do dat," replied the negro. "Ise gettin' 'em' dat dan now."—Commerce and Finance.

Spelling by Ear

A simplified spelling society in London has developed a form of language with a new sound, one symbol notation of letters and diphthongs. A sample of the system in operation is furnished as follows:

"Wans upon a tym a rich lord and his wif had a little hol and a little girl. The good mother became veri ill. In a short tym the father aniso fell ill. . . . If eu doo this I will give each of eu a pors or gold."

"The system looks very much like spelling by ear. It ought not to require any very complicated system of rules. In fact, many people habitually spell by ear without the authority of the society's dictation. There are many people who have given up further attempts at mastering English as it is spelled today, and these would welcome a phonetic reform with great joy."—Seattle Post-Intelligencer.

He Didn't Care

Purdie from Technical high school were making the usual afternoon trip to town on an overcast day. East Michigan street car. Mr. Flirt was also making the trip to town on this particular afternoon, and from an unfortunate position was making eyes at the girls.

"That fellow doesn't seem to care who he winks at," suggested one of the feminine members of the crowd. The five seconds later: "Oh, heavens! He winked at me!"—Indianapolis News.

Valuable Information

An American tourist recently visited the ancient city of Chester and was startled by the loud clanging of the fire alarm bell.

Seeing others run, he ran, too, and presently found himself one of a crowd gathered to witness the departure of the fire engines. In a short time the engines dashed out of the yard and disappeared down the street in a whirl of dust and smoke.

With a view to gathering information, the tourist addressed himself to a man in the crowd:

"Say, mister, I suppose in an old place like this, containing so many timber-fronted homes, you often have a fire?"

"Pretty often," assented the man.

"How often, now, does a fire occur?" asked the American.

"Every time that bell rings," replied the man, nodding toward the bell tower.

Had He Known

"Battleship Bill" is strangely altered. What's the trouble?"

"Bill says if he had known what was before him when he went into the navy he would have stuck to train robbing and kept his self respect. In the old days no man ever talked to him the way the director does and lived to tell the tale."

New-York - Day - By - Day

BY O. O. MCINTYRE

NEW YORK, April 20—Thoughts at me through her fornetto. No one will ever know the agony of that moment. The guillotine would have been leaves.

A beautiful summer sky. Clouds like a puff of beaten egg white. Hope Judge buys that poem. These cramped streets look menacing. No week they have vendettas. No one ever heard of a vendetta in the country. Fresh strawberries. Noble piece to earth's glorious yield. A dollar a box. Quick, the ambulance!

People are beginning to sit out on their front steps at night. A lot of scandal is brewed there. Still I like to gossip myself. Lillian Lorraine, the show girl, asking her wolf howl. The café musician going to work. It is a tough life for them. Casting pearls of melody before swinish gazes.

The first lights of Broadway. The bull and the big auto tire. The suburban bush of the dinner hour. Clerks stand in the doorway. People tell things suddenly. And then will come an electric moment when the street is electrified into dynamite life. It's a great little old street. I'll say. And now I'll go to dinner. Back home it was again.

The success of Fritz Kreisler in the field of opera has resulted in Michele Elman falling for a manager. Elman will try to do for Fritz Ziegfeld what Kreisler did for Dillingham in writing "Apple Blossoms," the biggest success of the year. Nearly every manager in town has been angling for the great violinist, but not until last week did he sign on the dotted line. It is perhaps the biggest musical announcement of the season. Elman is going up into one of Ziegfeld's country places in the Adirondacks and write the opera. Augustus Thomas is to write the libretto. Elman began his public career as a boy prodigy in 1884. He was the first of the Auer pupils to spread the master's fame as an interpreter of phenomenal technique. His advent into the world of the theatre marks a new epoch in the musical field.

WHO'S WHO In The Days News

HOW CHAI WANG

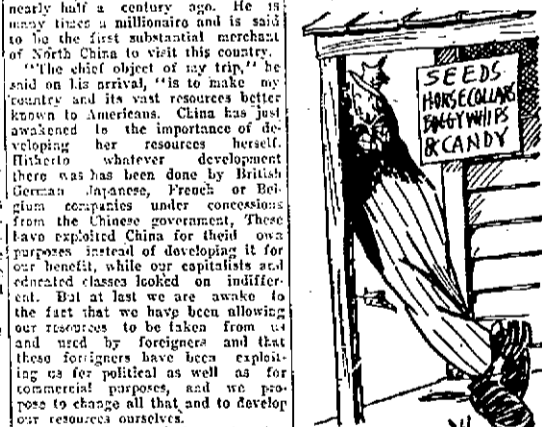

In the Chinese "Who's Who" the name of Mr. How Chai Wang of Tsientsin is one of the most important. Mr. Wang has been in America for the last few weeks, having come as a delegate to the Methodist Episcopal church conference at Des Moines, Ia., and to do a little commercial missionary work. He owns gold mines and coal mines, is a director of the Shanhaikwan Electric Light Company, a coal seller of the Tsientsin chamber of commerce, secretary of the Kaifeng Mining Administration, owner of the Hwaipei tannery, and vice president of the China-American Industrial Corporation, the \$3,000,000 capital of which is half Chinese and half American. Mr. Wang is a Christian and president of the Y. M. C. A. of Tsientsin, having been brought up by parents who were converted by Methodist missionaries nearly half a century ago. He is many times a millionaire and is said to be the first substantial merchant of North China to visit this country.

"The chief object of my trip," he said on his arrival, "is to make my country and its vast resources better known to Americans. China has just awakened to the importance of developing her resources herself. Whether whatever development there has been done by British, German, Japanese, French or Belgian companies under concessions from the Chinese government, there have exploited China for their own purposes instead of developing it for our benefit, while our capitalists and educated classes looked on indifferent. But at last we are awake to the fact that we have been allowing our resources to be taken from us and used by foreigners and that these foreigners have been exploiting us for political as well as for commercial purposes, and we propose to change all that and to develop our resources ourselves."

This is why we look to America for industrial development. Four things are necessary: Raw materials, labor, capital and technical knowledge. Of these we have two—raw materials and labor—and we look to you for the others, capital and technical knowledge."

One of the oldest man-made things on public exhibition in New York City is the Roman case, or urn, in the grounds of Grace Church, at Broadway and Eleventh street. Standing inside the iron fence, thousands pass it each day without knowing that it is a relic of the remote past. The vase is more than 3,000 years old and has been standing in the same place for thirty years. It is one of a pair dug up when excavations were being made for the foundations of the American Church in Rome. The next oldest exhibit in town is an Egyptian mummy at the Metropolitan Museum. It dates from the twelfth dynasty—2000—375 B. C. The mummies, incidentally, are viewed with perhaps more interest than any of the other exhibits at the Metropolitan.

BARE PLOT TO KILL U.S. OFFICIALS

MAY DAY CONSPIRACY REVEALED

WASHINGTON, April 30.—Warning that they had been selected by radical elements for assault or assassination as part of a May Day demonstration had been received from department or justice agents today by more than a score of federal and state officials. Announcement of discovery of a plot by government agents was made last night by Attorney General Palmer.

The assassinations and assaults were to have been a part of the May Day program planned by the communist labor party and other radical groups. Mr. Palmer said, adding that the contemplated violence was to be incident to attempts to bring about strikes in all the basic American industries in behalf of peace with soviet Russia.

Information, the attorney general declared, in possession of the department indicated the radical agents have been working "in direction and in union" with those who have been active in instigating disorders on that day in Europe.

"Inhuman treatment" of the soviet government of Russia, by the United States and the allied powers has been alleged by agents of the radical movement especially in their propaganda among foreigners in industrial centers. Mr. Palmer asserted, adding that the proposed strikes and other disturbances were intended to impress upon American officials the threats of radicals that relations with Russia must be resumed.

The propaganda used in the textile manufacturing districts, Mr. Palmer said, included the argument that strikes would reduce the high cost of living.

Divided Over Sales Tax Plan

WASHINGTON, April 30.—House Republicans, divided into two factions over the sales tax plan for raising funds for soldier relief legislation, will meet in party caucus tonight to iron out their differences. There was no indication what would be the result.

Both sides lined up during the day. The insurgents, admittedly in the minority, seeking to gather strength to convince the regular leaders that enactment of the relief bill as planned could not be accomplished with the sales tax among its provisions.

Reject Packers' License

WASHINGTON, April 30.—Proposals to license meat packers and create a commission to enforce laws affecting the industry were rejected today by the house agriculture committee. A subcommittee was appointed to draft compromise legislation for the regulation of the packers.

MARRIED MANY WIVES JUST TO KILL THEM

LOS ANGELES, Calif., April 30.—At least two of the numerous women married in various parts of the country by James R. Huit, alleged to have murdered in various parts of the country, were murdered by him, two others met "accidental" deaths while with him, and he "might have murdered more," according to an alleged confession made public early today by J. Morgan Marmaduke, his attorney, and county officials.

Huit said he "could not remember" what happened to some of the women because of his still weakened condition resulting from two attempts to commit suicide, the reputed confession said. He lay on a cot at the county hospital as he talked.

Huit has been held here several days while officers investigated reports of numerous marriages. He married "twelve or fifteen" women, probably more, Huit was quoted as saying. A desire to kill obsessed him four years ago, Huit was alleged to have said, and women were his special victims, there being no direct motive for their deaths, and no desire to kill men, children or animals.

DAUGHERTY NOSED OUT BY 307 VOTES; HARDING CAPTURES 39 DELEGATES

HARDING DENIES HE'LL WITHDRAW FROM RACE

NE WAUBUN, IND., April 30.—Reports that he would withdraw from the race for the Republican nomination for president following the alleged poor showing he made in Ohio, his home state, in the presidential preference primary, were declared without foundation by Senator Warren G. Harding who delivered an address here last night. Mr. Harding said he did not at the present have any intention of withdrawing. In his address, Senator Harding championed voluntary military training, asserting it should be embodied in the army reorganization bill.

"It should be made so popular and so helpful," he declared, "that young America would seek it as a privilege rather than as a duty of compulsory requirements. Unpreparedness in the past cost billions in treasure and thousands in lives," he said.

Recount In New Jersey To Be Asked

NEWARK, N. J., April 30.—Formal application for a recount of the vote in New Jersey's presidential preference primary last Tuesday may be made here late today, according to supporters of Senator Johnson of California, who on the face of unofficial returns from all but four districts was defeated by Major General Leonard Wood by 1220 votes. It is not indicated whether the recount would cover the entire state or only certain sections.

Charges of manipulation of the ballots, made by Johnson supporters were denied by Wood adherents who pointed out that the vote as announced was entirely unofficial.

The four districts yet to be heard from are in Hunterdon county which has given Wood a majority in the incomplete returns. The total vote early today was: Wood 52,597; Johnson 51,377.

90 Million Of Church Fund Is Pledged

NEW YORK, April 30.—An anonymous gift of \$3,000,000 to the United Financial committee of the Interchurch World Movement was announced at campaign headquarters today with the statement that \$90,000,000 of the \$100,000,000 sought has been pledged. The campaign does not close until next week and more than 100,000 churches in various states are yet to be heard from.

Incomplete returns prepared for readers at a luncheon today at which W. M. McAdoo was the principal speaker, showed Pennsylvania in the lead with a total of \$3,471,026 contributed to the fund. New York was second with \$3,072,571; Illinois third with \$2,174,262; Massachusetts fourth with \$2,021,526 and Ohio fifth with \$1,558,002.

BUFFALO CARRANZA YARDS AND REBEL TROOPS IN BATTLE

BUFFALO, N. Y., April 30.—For the second time within two weeks every railroad yard in the city was tied up today by a walkout of freight switchmen and conductors who were Yardmen's Association.

Dissatisfaction with delay in taking action on their demands for increased pay was the reason given by Edward C. Holahan, president of the Yardmen's Association local for the re-enactment of the strike, but it was also said by the strikers that the refusal of railroads to renege yardmen's duty during the first strike and were discharged had much to do with the present walkout.

Woolen Mills End Night Work

PASSAIC, N. J., April 30.—Uncertainty of the wool market and the cancellation of large orders have necessitated the suspension of night work in the woolen mills here, manufacturers said today. Two local mills have laid off 2,000 workers already and others are preparing to suspend night work soon. The plants have been operating at full capacity.

HARDING CARRIED OHIO BY 16,000

COLUMBUS, O., April 30.—By a margin of only 307 votes, Harry M. Daugherty of Columbus, national campaign manager for Senator Warren G. Harding, was defeated in Tuesday's primary for delegate at large to the Republican national convention at Chicago, complete returns from the state showed last night. These returns gave Daugherty 107,373 votes and his rival William H. Boyd of Cleveland, a Wood delegate 107,682.

The other three delegates at large elected are Harding men. The other voter were: Myron T. Herrick 132,366 (Harding); Frank B. Willis 123,150 (Harding); John Galvin 120,106 (Harding); Edward C. Turner 106,124 (Wood).

Senator Harding probably will have 39 of the 48 Ohio delegates to the Chicago convention pledged to him. Major General Leonard Wood apparently has won two delegates in each of three districts, one delegate in each of the two districts and the one delegate at large, a total of nine. There is a possibility that the official count in take place here early next week may change the results in the Daugherty-Boyd contest.

The complete returns give Senator Harding a plurality of 16,303 votes over Major General Wood for the presidential preference. The vote stands: Harding 123,561; Wood 107,258.

Large Crowd Will Witness Opening Game Of The Season

PENNY ANTE

Another Bad Feature Of The Game

Judging from present indications, delightful weather is promised for the opening of the baseball season at Millbrook Park Sunday afternoon, when "Gabe's All Stars" clash with "Charley Applegate's White Sox" of Cincinnati. The game is anxiously awaited by the fans of Portsmouth, who have been doing upon over-crowded grounds since the fall tapped last fall and who are now anxious to gaze upon the real thing. The two teams are evenly matched in skill and tricks and there is no reason to believe that a great throng will migrate to Millbrook, providing the weather can continue to hand out warmth and sunshine for the game event.

The playing field is in tip-top condition. Ground-keeper Joe Allen has the infield as smooth as a billiard table, while the grass in the outfield looks like a new haircut. The grounds will form a perfect setting for the "All Stars," who will trot out in their brand new uniforms, tailor made and fitted to form a free, "the 'miles' will not long remain inaccurate, for the players are sure to try the fade-away slide now and then, and of course their trousers will show contact. The grand stand has been put into fine shape, clean and sanitary. In fact nothing has been overlooked to make the opening game of the season one hundred percent entertaining.

The admission this year will be the same as last, with the ticket-holder privileged to sit in the stands or on the ground. The price will be 50 cents for gentlemen and 25 cents for ladies. The first three rows of seats in the grand stand will be reserved—15 cents per seat. Reservations may be made in advance of the game by calling up the Play House.

Make arrangements now to be present at the opening game. Mr. Gabe, manager of the team, has a great team to Portsmouth during the season and has an aggregation of players who will be capable of holding their own with the best of them. The line-up of the two teams will appear in Sunday's Times. Watch for it—also the time of the game.

GOVERNOR INVITED TO FLAG RAISING

CINCINNATI, April 30—President Herrmann yesterday sent a formal invitation to Governor James M. Cox to be present at Rolland Field on May 12 and 22 on which dates the National League and world series pennants will be raised on the new flag pole in centerfield. The Red Chief invited the Governor and all the members of his staff to participate in the ceremonies which will attend the raising of the first flag ever won by the club and he hopes that the Chief Executive will be able to accept. The Governor is an earnest fan and a warm admirer and close follower of the Reds in all their doings so it is certain that he will be here on one or both occasions if his gubernatorial and political duties will permit.

Track Team Meets Saturday

IRONTON, April 30—The annual inter-class track meet of Ironton "H" will be held Saturday at 2:30 at Beechwood Park. Great interest is being manifested in this coming event and no doubt a large crowd of high school students as well as others will be on hand to see the meet. The class teams are evenly matched.

Smith To Get The Can

CINCINNATI, April 30—Offers for pitcher Linwood Smith, have come from the Norfolk and Portsmouth Clubs of the Virginia League. Eventually the home club will be released to one of these clubs. He lives in Portsmouth and prefers to work where he can be near his family and can camp at his own fire-side every evening. Norfolk is just across the river from Portsmouth, so it will suit him just about as well.

WIN FIVE IN ROW

Three Reds are traveling some these days. They have just won five in a row and their pitchers are in great form. Manager Moran has decided to use another, Eller, Ring, Luque and Fisher in turn with Sallee in reserve. No team in either league can boast as many classy hurlers as the Reds.

Sox Hault Climbing Indians

The White Sox pulled the Cleveland Indians down a peg yesterday, leading them 6 to 1. Lefty Williams, who was so easily beaten by the Reds last fall, held the Indians to two hits, which is stepping some as the Speaker crew sure can wallop the old pill.

REDS DEFEAT PIRATES

The Reds walloped the Pirates yesterday without turning a hair. The score was 8 to 2. Ring was in great form while the Reds threw Carlson from the box. The hitting of Groh featured. The score:

Despite the fact they lacked the services of their star anchor man, Dr. Perry Winkler Young, the Norwoods managed to harpoon the Jerseys two out of three at the Play House alleys last night, although no particular player distinguished himself by his brilliancy. Some fairly good scores were made when trials are considered and individual efforts mentioned. In the latter category appears William Briggs, eminent golfer at Pinehurst during the early spring session. Mr. Briggs used to be feared by foes when he stepped on the running boards, but for some time past, while showing flashes of his old time form, has not been as consistent as of yore. Last night he got the range down pat and he tore into the maple with a vengeance, gathering a total of 201 pins in his first game and giving the Jerseys the only win of the evening. Orson Ogler was high man of the engagement, gathering a total of 407 and bidding a challenge for three more pins, so he could show his manly form across the 300 mark. Mr. Briggs was second with 181, Charlie Chadwick Horst, last off man for the Norwoods since 1873, had the distinction of leading his team in total pins, tossing on Dr. Franklin Prentiss' Special one pin, which was glory enough for Chad for one evening. George Washington Friend was up in the king row, too, and seems to have recovered his 1049 form. As usual, Thomas Jefferson Dupuy was down toward the bottom, but kept plugging along and helped out wonderfully in his second game. Captain McCoy had a hard time getting going, but was hitting on all cylinders at the close, bringing his total to 424. Not many for "Mack" but better than many alleged bowlers are capable of making outside of seats on the side lines. Alan Jordan came in late, relieved a good deal down for his tardiness and then proceeded to put life in the game and pins in the shed. He got 156 and was perfectly satisfied.

Selby Players To Stage Bowling Tournament

Place—Selby Employees' Recreation

Time—Beginning Monday night, May 2nd, and continuing until all events are rolled.

For Whom—Anyone in the factory who bowls.

A big Tournament is just the thing to finish up a most successful bowling season, so let's all enter into it with "pep" and interest and make it just as successful as our league was.

Here's the layout
Five Men Event—No one is eligible to bowl on more than two teams. If you are a member of a league, team you roll three games with this team, and then if you desire to roll again, organize a team or get on with some other team. Those who do not belong to a league team, get a team together and win a prize. Teams finishing 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15 will receive prizes in this event. Fine chance for all.

Two Men Event—No one is eligible to bowl more than twice in this event. If you are a member of a league team, you must select a partner from your team for first three games and then get anyone you can if you care to roll again. If you don't belong to a league team, get a partner and show your stuff. In this event teams finishing 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, Women's Clubs Meeting Is A Splendid Success

Interesting Sessions Are Attended By Big Crowds

The meeting of the Southeast District of the Ohio Federation of Women's Clubs started off auspiciously with an excellent luncheon at Trinity Methodist church, where the delegates, visiting women and local club women assembled Thursday noon.

The opening session was held at the Carnegie Library in the afternoon, where the state officers, delegates, visiting women and local club women assembled.

The assembly room was beautifully decorated for the occasion by Misses Kline and Mrs. Janet K. Williams, committee, with palms, ferns and baskets of cut flowers, giving a spring-like atmosphere inside.

The platform, banked with greenery, was occupied by Mrs. William H. Sharp, state president, Mrs. E. A. Roeman, district vice-president, Mrs. W. L. Whitacre, state corresponding secretary, and Mrs. J. M. Henderson, recording secretary, of Martin's Ferry, and Miss Edna Strehl.

After the singing of the opening song, "America, the Beautiful," and the invocation, Miss Edna Strehl, president of the Ohio Club, and chairman of the executive committee, in a few well-chosen words, gave the greetings from Portsmouth, extending a hearty welcome, and said she wanted the guests to feel when they left Portsmouth as the poet, Paul Lawrence Dunbar has expressed in the poem:

I've been down near old Kentucky
For a day or two, an' say,
Twixt ez hard ez breakin' o'xen
Fur to tear myself away,
Allus arguin' 'bout friendship
And yer hospitallity—
Y'aint no right to talk about it
Till y'ain't been down there to see.

See just how they give you welcome
To the best that's in the land,
Feel the sort of grip they give you
When they take you by the hand.
Hear 'em say, "We're glad to have you
Better stay a week or two."
An' the way they treat you makes you
Feel that every word is true.

Mrs. E. A. Roeman, in behalf of the visiting delegates, gave the response, in which she spoke of the cordial hospitality extended, and this meeting, allied with the others held throughout the state, which had culminated in this meeting, in interest and attendance. Never has there been such a field of activity. Women have risen to their responsibility in every respect, because of the pull-together spirit, and the personal influence and contact engendered by these district meetings. The women must know each other, which is the greatest factor in developing a friendly association, then they cannot fail to reach the high standards set by Ohio clubs.

The speaker then introduced Mrs. William H. Sharp, who was given a rising greeting by the club women. Her "President's message" was warmly received by her audience. Mrs. Sharp said in part: "Our business is our federation. Effective club work can only be attained through organization, co-operation, reciprocity and harmony, and we have all these gospel ingredients. Our state federation was divided into four districts which was too large to be effective—then a subdivision was arranged which gives the eight districts with as many centers each year. These district meetings bring together the club women with their problems and successes. They give more enthusiasm for better work next year."

The general federation had four working departments then, three more were added, community service, Americanization and Thrift. All these seven departments have their special chairmen, who are at the service of the club women for any help in their line to promote and develop all phases of club work. For instance, the music department, which is one of the paramount features of club work. There is an inspiration in music and it is something in which all

LUNCH AT OLD TIME

This noon the Women's Club luncheon at Trinity M. E. church will be served at twelve o'clock old time. The lunch.

from Overture to William Tell—Rosini—Miss Anna Crumey.

The dining-room of the Second Presbyterian church was the scene of the dinner Thursday evening for the Federated club women. The room was made attractive and seasonable by spring flowers, the tables showing a personal touch in the attractive baskets of lilacs, daisies, candelabras and snowy table linen. The delectable menu, faultlessly served, was under the capable management of Miss Anna Crumey. About two hundred women were served at long tables arranged conveniently about the center round table, which was occupied by the state officers. A delightful social atmosphere prevailed over the tete-a-tete.

The menu included:
Cream of tomato soup
Roast pork, gravy, mashed potatoes
Apple and pineapple salad
Holland sauce
Brick ice cream, cake and coffee
The women then repaired to the church auditorium for the evening lecture.

Mrs. Geo. Rosaz, 2220 Eighth street, has been discharged from Hempstead hospital, where she recently underwent an operation. She is doing splendidly.

Brotherhoods Issue Statement On Strike

At a meeting of N. & W. engineers, conductors, firemen and trainmen April 29, the action of the yardmen employees of the Norfolk & Western at Portsmouth, Columbus, Ohio, Fronton and Kenova in quitting the service was fully discussed, and after so doing we feel that it is our duty to the organization we represent—ourselves and the public to make a statement of the facts in connection with the illegal action of the yardmen, so that they (the yardmen) and likewise all of the people in the community be furnished further information, that they may thoroughly understand the issue and the attitude of the great majority of the members of the four railroad brotherhoods in connection with the illegal action.

First, we want to make it plain that there is a reason for the spirit of discontent which now exists among the railroad employees and that reason is due to the fact that they are not now, nor have been for some time, receiving wages commensurate with the times, the service performed, or the standard of living, but notwithstanding that, does not justify the yardmen, who are in the minority in our organization, in repudiating their brotherhoods and organizing rival organizations with the avowed intention of disrupting the old brotherhoods and taking an illegal position in that they would not return to work unless officially recognized by the railroad management, who could not recognize a new organization by reason of prior contracts with the old recognized ones. By such action, the yardmen forced us into the position that contrasts that were made with the railroad in good faith and are now threatened and which are now being flagrantly violated by the yardmen, such action jeopardizes our standard, not only with the railroad management, but also our standing with the right thinking people of the community.

The condition which we find the attention of the yardmen to the fact that the yardmen are in better financial condition than the brakemen in road service. Yard foremen earn \$5.00 and helpers \$3.00 per day, whereas through

Mrs. Mary Hotz

Death Thursday afternoon at 3:30, Mrs. Mary Hotz, one of the pioneer residents of the city and a highly esteemed resident of the old First Ward when she closed her eyes in everlasting sleep at the family residence, 124 Front street. Death was due to infirmities and she had been in failing health for almost two years.

Mrs. Hotz was born in Switzerland in 1840 and had been a resident of Portsmouth since 1884. In addition to her husband, Ernest Hotz, she leaves one son, John of 1626 Sixth street and two daughters, Anna E. and Emma at home and one sister and two brothers.

Mrs. Hotz was a woman known for her many kind deeds and she will be missed. She always evinced a great interest in the advancement of the city and was a woman of sweet and lovable traits. She was a devoted member of the First Evangelical church and of the Ladies Aid Society of this church.

The funeral services will be conducted from the home Saturday afternoon at 3 o'clock (new time) and the last rites will be in charge of Rev. Samuel L. Hadenmeyer. Interment will be in Greentown.

Poker Game Raided; 13 Caught

At 11 o'clock last night Chief of Police Distel, Capt. Startzman and Officers Birmingham and Powers raided a poker game at 411 Front street, arresting thirteen men, and seized a large quantity of playing cards, a 22 caliber revolver, \$255 in money and a bunch of poker chips.

The thirteen men arrested gave their names as Jeff Gillen, 21, Jack Childers, 35; E. B. Bowen, 30; John Sheppard, 45; Claude Hall, 37; Arthur Hicks, 20; Andrew Gillen, 35; Clyde Cochran, 30; Charles Chick, 34; Geo. Miller, 42; Ben Stewart, 43; Abe Martin and Harry McNeill, 28.

McNeill was running the game, which was operated up stairs over a vacant store from the police say. On the front door post down stairs was an electric call bell which was used as a signal by frequenters of the game the police claim.

Three of the men ran up to the third floor, climbed out on a roof back of the building, and were hiding there when captured by the police.

Most of the money and gambling paraphernalia was concealed in a dumb waiter which operated elevator fashion from the first floor.

Several dollars were in the "kitty" which lay on the padded gambling table.

All of the men were held under \$25 bond to appear in Municipal court this afternoon at one o'clock, with the exception of McNeill whose bond was fixed at \$50. All but five of the men obtained their release on bond last night.

TAKE JOY RIDE WHEN MOON SHINES ON THE MOONSHINE; PAIR ARRESTED

Frank Parsh, white, and Will White, colored, were arrested last night and taken to the police station for intoxication and taking an automobile without the owner's consent.

At 3 a. m. this morning the police hauled the machine at Fifteenth and Water streets and arrested the pair for intoxication and taking the machine without the owner's consent.

Leola Seifield was the name given by the driver of an automobile which collided with a machine driven by a man named Walter Blatterly at Gallia and Sinton streets several days ago and which resulted in the arrest of the former on a charge of reckless driving. Seifield was released from custody and ordered to appear in Municipal court today.

RICKEY AND DEPUY BUY HUSTON PROPERTY

Through a deal closed last night Ed Rickey and Thomas J. Dupuy of this city will purchase the ground into which the late Mrs. Irene Huston had the immense lot. The new owners expect to improve the property without delay.

A SPLENDID GROWTH

THE announcement of Portsmouth's population, as officially determined, should bring unqualified satisfaction. True enough it is not as large as enthusiasm had placed it, but 33,011 people make a city of some size and the kind there are in Portsmouth make it the best.

Then compare the actual increase with what is a natural growth, the gain in population through the excess of births over deaths, in a period of ten years would exceed twelve per cent. Portsmouth has exceeded that considerably better than by four times. In 1910 the number of her inhabitants was 23,481, so the gain in numbers has been 9,530, over 40 per cent. The towns that have done as well are exceptional.

It must be remembered too that exceptional conditions stood in the way of growth and all that actually did take place is not represented by the official figures. Portsmouth is unusually small in area and a large part of it is not adaptable for residential purposes, while the high prices of realty has resulted in forcing people to adjacent territory. New Boston, Seasideville, West Side, variously designated as Bertha, Union Mills and Nauvoo, are essentially a part of the city, though not legally. The bulk of the people in all these places, either in Portsmouth, or else supported by members of the family who follow occupations therein.

But after all it is better to show strong, steady gain, than make a phenomenal spurge to come later to a sharp halt. By the next census New Boston and Seasideville and Wheelersburg will be in the larger city, which then will show far more progress than it did on the recent count.

THE OVERALL FAD

WE are going to expound some views on the overall fad, that is being so much exploited of late, but it is just a fad that will run its absurd course in a short time, and should be looked at in the spirit shown by this editorial, which comes to us uncredited:

"Wearing overalls may have its value as a protest against the high cost of tweeds and serges, but we question greatly whether the fad will do much to better the situation. One result, if it is generally followed, will be a jump in the price of jeans. Already reports say, the price shows an upward tendency, and men for whom the denim suits are an essential working costume view with alarm this effect of the movement to make the uniform of the toiler fashionable.

"The same argument that was used against popularizing the cheap cuts of meat applies to the adoption of overalls by bankers, lawyers, clerks and others not engaged in manual labor.

"We are inclined to agree with H. G. Larimer, a fair price commissioner for Iowa, who says that the way to reduce high prices is not 'by going to extremes, but by sticking to a policy of sane, careful, intelligent buying."

To that advice we would add: If the men who wear overalls because their jobs require them will stay at their jobs and put into them every day an honest day's work, and if the men whose jobs do not require overalls will be equally diligent, we will bring down the high cost of living by catching up with the deficit in production — and there is no other way so certain or so safe for bringing it down.

The high cost of living is the high cost of strikes and idleness.

ONE MORE SUCH VICTORY

AFTER winning a great, but exhaustive battle, a famous commander exclaimed: "One more such victory and I am undone."

Senator Harding must be in a spirit right now to understand the situation of that general. He carries Ohio, but by a margin so small and fractured in places that it robs him altogether of his prestige as a favorite son in a great and doubtful state.

The result was about as was to have been fairly expected, though a little worse. Wood stood from the start better than an even chance in Cleveland, which is over an uncertain and variable quantity, as compared with the rest of the state, but it was long odds against him making much of a showing elsewhere, but still he makes "a loss race" of it and forces Harding to extend himself to win by a length.

A miss is as good as a mile, they say, but it isn't at all so in this case. For what Harding loses in prestige by not making a clean and distinct sweep, Wood gains, the latter showing that he has distinct strength with the rank and file and it is not all money, as his party opponents charge, behind him. Truth to say, if the primaries had come on a week later he would have won because favor was turning rapidly towards him.

We confess to surprise that Harding did not carry the state by a more distinct plurality. We say plurality for it appears that

while he got more votes than Wood so many ballots had the names of Johnson and Hoover written thereon that he hadn't a majority of all.

It looks, after all, as though the greatest dash of cold water on the favorite son campaign was the paltry total vote cast. Figuring it out it is found that scarce more than one Republican out of forty took the trouble to go out and show his preference for the favorite son, not a thing demonstrating unbounded enthusiasm.

Talking about signs, doesn't it look like Hi Johnson is about to become the William Jennings Bryan of the Republican party? Our friends, the enemy, are surely welcome to him.

Marion and Mansfield, over there in the back seats, will now please be quiet.

The DIARY OF AN ENGAGED GIRL

IS CECIL FISHING FOR LINDSEY'S HEART?

After that talk with Cecil I felt awfully close to him and at dinner today I found myself eyeing him up and down in a way that the hostess was somewhat puzzled at. Cecil was not particularly surprised. I pretended not to notice it, however, and was perfectly natural all through the meal.

Mother is really such a dear and such a good mother that it hurts me terribly sometimes, to feel that she does not and will not understand me. I know that she loves me to death, but she will not make allowances for me nor condone my wanderings, mental or physical. That's all.

Cecil has told me to have it out with Jack, just like my Aunt Gertrude had it out with Jeffrey twelve years ago. And I'm going to remember that condition have changed vastly in the last few years, that the vest has made both men and women more human. He is pretty sure old Jack will come up to the acid test; couldn't do otherwise. He says that any man who went through the Argentine fight, as Jack did, isn't going to balk at the truth being presented to him by the girl he loves, that's sure! I admit Cecil for having all that faith after what he has gone through. It's splendid. If a man can "come through" despite all sorts of bitter experiences and disappointments, he is really a man and worth making sacrifices for. I hope that Cecil finds his mate, and I just know that he will.

We sat and talked happily for some time after dinner, mother sitting in and out of the room in a watchful way that made us both smile. Once, when we were alone, Cecil suddenly asked me what sort of a husband I thought he would make. I answered quite truthfully and impulsively, "Oh, a very wonderful one."

Then I felt my face grow scarlet and I can't get explain why. I can't, and yet I can. I just know that this question suddenly made me put myself in the place of being the girl he loved, his wife, and I wondered (subconsciously, of course) how it would feel to be loved by and married to Cecil. It made me feel queer somehow.

Cecil never seemed to notice my blush, for which I was more than grateful. "I think you would be awfully good to a woman," I explained, "and above all you would be tolerant, and that's what most modern women are seeking in the men they marry today."

"Well, little Lindsey, if you never discover it anywhere else, this tolerance you so crave, always remember that you know of one place in the world where it is found. And then he looked deep into my eyes—and I wicked back something that I felt welling up in them, for no good reason whatever, and said nothing. Just looked—too. But he was very gentle all the rest of the evening. And I felt different and strangely rested, mentally.

Jack called up to say he wanted me to go motoring just as early as I could in the morning, but that he would not be over this evening. Barbara, it seems, has to be escorted to some dance. I was just beginning to begin "parrying" again, after he had "phoned" when Cecil looked over at me, and said, "Remember, sister, fifty years from now nothing

will matter." That's a happy thought, after all.

DOC KOKO'S KOLUM

A New Child-Proof Presley

England had hardly recovered from its astonishment and admiration elicited by its child model, Daisy Ashford, when it was again plunged into amusement and astonishment by a child poet. "This time the child is still a child, and much is expected from her in the future."

She is 14 years old, my dear name is Annette Harvey-Wilson. Publishers are fighting for the privilege of bringing out her work, publishers are begging to be allowed to set the poems to music and photographers are besieging her for sittings. Good critics have pronounced the poems genuinely beautiful and of remarkable imagery. Here is one entitled "The Making of Mum."

"Mum" is the mother of the little poet. The child's spelling and punctuation are retained.

God took two drops of the deep green

Two twinkles from stars in the skies

A wee little bit of a freckle cloud

And he made them into your eyes.

God took a ray of sunshine

Then pulling a rose apart

He took the gold of its petals

And made them into your hair.

God took the leaves of a lily

And the depths of the deepest blue

And then with a spark of mother-love

He made them into your soul.

God took an angel's laughter

And a dingle that spoke of fun

And placing them with the others

He made you—my little mum.

Only Bent (1)

Same old story—banana skin on the pavement—and the unobservant passerby.

On this case the victim was a well-nourished male of 200 pounds or so, and she alighted in a box of best country cases outside a grocery store. The merchant ran out to assist her to her feet.

"Oh, I do hope I haven't broken them," she said when she had regained her perpendicular.

"Not at all, madam," said the man politely. "They aren't broken, only slightly bent."—Pittsburgh Chronicle-Telegraph.

BILLY WHISKERS

BY FRANCES TREGO MONTGOMERY

The kids and Burton got on board the boat as planned and Day hid herself in the ladies' cabin under a table that had a long cover on it which came to the floor. Poor Night, while looking for her, got shut into the potato bin, where he had to stay for two days, during which time he ate up nearly all the potatoes; and the steamer was well on her way to Constantinople before he was found. In the meantime Day and Burton had wandered everywhere for him and had come to the conclusion that he must have jumped overboard like Bossy, only with better success.

One day, Day, who was a great favorite of the cook, followed her to the kitchen for some cakes and there found Night being petted and fed with cakes too. Her joy was great and she ran up to him and began licking his face and making a great fuss over him.

"Well, I declare!" exclaimed the cook. "You two act as if you had never seen each other before. That is probably the way you came to be on board! One of you must have come on and the other followed, and in some way you got separated. You certainly make a handsome pair. But what in the world are we going to do with two goats and a black cat? We did not dare turn them off, as they say it is good luck to have a black cat come to you, but if you turn it off bad luck will follow. We will have a menagerie if any more animals come on board at our next stopping place, for we already have a parrot and a monkey bird, and dear knows how many strange things the steamer passengers have. Spelling by Ear
A simplified spelling society in London has developed a form of language with a one sound, one symbol notation of letters and alphabets. A sample of the system in operation is furnished as follows:

"Wins upon a trim rich land and his wife had a little boy and a little girl. The good mother became very ill. In a short time she faded away and fell. If you do this I will give each of you a purse of gold."

The system looks very much like spelling by ear. It ought not to require any very complicated system of rules. In fact, many people habitually spell by ear without the authority of the society's dictation. There are many people who have given up further attempts at mastering English as it is spelled today, and these would welcome a phonetic reform with great joy.—Seattle Post-Intelligencer.

New-York - Day - By - Day

BY O. G. MCINTIRE

NEW YORK, April 30.—Thoughts at me through her long, white, will ever know the agony of that there goes a newspaperman in an automobile. I laugh, ironically, at the thought. The gallies would have been heaven.

A beautiful summer sky. Clouds, like a puff of beaten egg white. Hope leather, hides and oyster houses. And Judge boys that poem. These crumpled there's a big melodramatic poster. Streets look menacing. No wonder. Ah-h! Curse the cars, the dogs they have vendettas. No one ever have eaten the bridges! These were the days.

A young striding with a Van Dyke Fair mustache. As Oscar Wilde said, "All beautiful things are useless." The smell of train smoke. It always smells like a little to loaf. I like to be in a depot train shed, to gossip myself. Lillian Lorraine, the slow girl, along her wolfhound. The café musician going to work. It is a tough life for down. Cashing pearls of melody before swinish grace.

The first lights of Broadway. The built and the big auto line. The station dash of the dinner hour. Clerks stand in the doorway. People toll along. And then will come an electric moment when the street is catapulted into dramatic life. It's a great little go street. I'll say. And now I'll go to dinner. Back home it was supper.

The success of Felix Kreibler in the field of operetta has resulted in Albee Elman falling for a manager's bait. Elman will try to do for the Ziegfeld what Kreibler did for Dillingham in writing "Apple Blossoms," the big success of the year. Nearly every manager in town has been angling for the great violinist, but not until last week did he sign on the dotted line. It is perhaps the biggest musical announcement of the season. Elman is going up into one of Ziegfeld's country places in the Adirondacks and write the operetta. Augustus Thomas is to write the libretto and Gene Buck will do the lyrics. Elman began his public career as a boy prodigy in 1904. He was the first of the American pupils to spread the master's fame as an impetuous phenomenal violinist. His advent into the world of the theatre marks a new epoch in the musical field.

One of the oldest team-made things on public exhibition in New York City is the human case, or urn, in the grounds of Grace Church at Broadway and Elerath street. Standing inside the iron fence, thousands pass it each day without knowing that it is a relic of the remote past. The vase is more than 3,000 years old and has been standing in the same place for thirty years. It is one of a pair dug up when excavations were being made for the foundations of the American Church in Rome. The most object exhibit in town is an Egyptian mummy at the Metropolitan Museum. It dates from the twelfth dynasty—2000—1758 B. C. The mummies, incidentally, are viewed with perhaps more interest than any of the other exhibits at the Metropolitan.

WHO'S WHO In The Days News

HOW CHAI WANG

In the Chinese "Who's Who" the name of Mr. How Chai Wang is prominent. He is one of the most important men in the world of the theatre. Mr. Wang has been in America for the last few weeks, having come as a delegate to the Methodist Episcopal church conference at Des Moines, Ia.

Mr. Wang is a little commercial missionary work. He owns gold mines and coal mines, is a director of the Shanhaikwan Electric Light Company, a coal seller, etc. He is the first Chinese to visit this country.

The chief object of my trip," he said on his arrival, "is to make my country and its vast resources better known to Americans. China has just awakened to the importance of developing her resources. Her development has been done by British, German, Japanese, French or Belgian companies under concessions from the Chinese government. These have exploited China for their own purposes, instead of developing it for our benefit, while our capitalists and educated classes looked on indifferently. But at last we are awake. In the fact that we have been allowing our resources to be taken from us and used by foreigners and that these foreigners have been exploiting us for political as well as for commercial purposes, and we propose to change all that and to develop our resources ourselves."

This is why we look to America. For industrial development four things are necessary: raw materials, labor, capital and technical knowledge. Of these we have two—raw materials and labor—and we look to you for the others, capital and technical knowledge."
